Subject: Legislative File 21856 - My Buddies LLC - Council meeting 6/7/11

Hello again,

I apologize for the extra email, however I remember at ALRC there was questions regarding our menu. Please see attached files. They contain preliminary menus. Keep in mind nothing has been finalized, pricing will most likely change, and we are still completing the My Buddies Kids menu and the Entrees section. There will be follow up emails as the files are quite large.

Thank you.
