The Grieg Club,

License # LicPch 2011-00479

Legistar # 22703

Application for Change of Licensed Premises

Dear Members,

The Eken Park Neighborhood Association approves of the proposed changes sought by the Grieg Club. The details are as follows:

At its regular monthly meeting on June 11, 2011, the Eken Park Neighborhood Association (EPNA) heard a presentation by members of the Grieg Club, who propose to change their existing premises. The Grieg Club is located within the boundaries of the Eken Park Neighborhood. The proposed changes had been posted to the EPNA email list serve on June 1, and placed on the EPNA meeting agenda which was posted on the EPNA email list serve one week before the meeting. Eleven members of EPNA were present at the meeting.

The proposed change is to install two outdoor tables and surround the space holding the tables with a wrought iron fence. The space where this will happen is next to the Grieg Club building. Also, the Grieg Club seeks a change in their liquor license to allow patrons to carry their drinks outside into this space.

EPNA members questioned the members of the Grieg Club in several regards, including access to containers of alcohol left unattended on the tables and noise and disturbance affecting adjacent residences. The questioners were satisfied by the answers provided.

On a show of hands and with no dissenting votes, EPNA voted its support of the proposed changes sought by the Grieg Club.

Respectfully yours,
Jim Wold
