Subject: Re: Alder recommendation on Little Manhattan new license (agenda #8)

To all,
I will be unable to attend the meeting tonight and my only concern with the agenda relates to Little Manhattan. They are listed as a restaurant but I sincerely doubt that the meager menu stated in their application will bring 50% of their revenues. And if they do increase their alcohol sales we may start seeing the challenges of the past. It would be great to get some feedback from the owners on this and I would be grateful if someone could ask.

Mark, could you please share with ALRC for tonight? Thank you.

Dear ALRC Members,
