+++Please forward to Plan Commissioners and make copies for the meeting+++

Dear Plan Commissioners

Re: Mullins PUD alteration request

The feedback I have heard from the neighborhood focuses on making sure that the balconies are used properly and a polished look is maintained.

I would like to kindly request that you add the following condition of the approval tonight: the Mullins Group shall submit a copy of their lease that includes a provision prohibiting the use of the balconies for the display of signs and banners, the storage of personal items not accessory to a balcony or patio (chairs, tables, etc.), or the hanging of items of clothing.

Thanks, Shiva
