**Amendment No. 2**

Agency: **Miscellaneous Appropriations / Other Direct Appropriations / Neighborhood Resources**  
 Page(s): 12  
 Sponsors: Aids. Cnare, Bidar-Sielaff, Subeck

Change the "Neighborhood Resources" line item to "Emerging Neighborhoods Fund" and change the footnote to:

(b) The Emerging Neighborhoods Fund is designed to quickly deploy resources to neighborhoods facing various challenges. The goal is to address potential problems in neighborhoods before they become more serious and more expensive to the community. In past years, the Fund has awarded grants to after-school programs, childcare initiatives, neighborhood associations in challenged neighborhoods, and grassroots initiatives aimed at enhancing the quality of life in a neighborhood. Grants from the Fund are typically modestly-sized, one-time awards. Applications for initiatives addressing needs in neighborhoods with active Neighborhood Resources Teams will receive priority. Applications shall be reviewed by a workgroup consisting of an Alder from the Community Services Committee and one staff member from the Office of Community Services, the Community Development Block Grant Office, the Planning Unit, and the Mayor's Office. Funding recommendations shall be made to the Common Council in the form of a resolution.

Note: The 2012 Executive Budget footnote reads: The Neighborhood Resources funding will be used for neighborhood initiatives, including the Neighborhood Resource Teams.

Agency: **Common Council**  
 Page(s): 48  
 Sponsors: Alds. Palm, Solomon

Add \$1,000 to individual Alder accounts specifically for the use for conferences or trainings related to their position as Alder. This may not be used for political purposes or training. Alders will need to follow adopted City of Madison policy on the disbursement of funds. In addition, the Common Council Organizational Committee (CCOC) will establish a policy for the disbursement of learned information and materials to other Alders, appropriate committees, and appropriate staff.

In addition, add \$5,000 to the Council budget to be used for conferences and training for Alders to be approved and disbursed by the CCOC. This money is intended for Alders who engage in conferences or trainings at the request of or on behalf of the Common Council.

## 2012 Operating Budget: Adopted Board of Estimates Amendments

### Amendment No. 13

Agency: **Parks**  
 Page(s): 100  
 Sponsors: Aids. Rhodes-Conway, Verveer, Clausius

Add funding to the Parks Forestry service to provide for early detection of the Emerald Ash Borer (EAB). Branch sampling is a technique by which a geographical area of concern is designated and broken into grids. Five ash trees closest to the geographic center of that grid will have two limbs between 2" and 5" diameter removed and labeled. The branches are then taken to a location where they can be whittled down checking for EAB larvae.

This sampling is done from the end of January through early April, a slower time of year for the Forestry service. Forestry staff feels strongly that this is a more effective method of early detection than the purple traps. There will be minimal impact on current operations and full time staff, as the whittling can be done as time fill by full time staff, by seasonal staff or even volunteers. A good portion of the sampling and branch removal could be done during district pruning and answering calls for service. The whittling is not time sensitive. Regardless of when branches are cut, Parks would have until mid April to whittle branches down looking for EAB larvae.

**Amendment No. 17**

Agency: **Streets, Traffic Engineering**  
 Page(s): 108, 119  
 Sponsors: Alds. Cnare, Schmidt

Add three employees for work related to bus stop snow removal. Traffic Engineering would utilize two of the new FTE's from April through October to staff the second paint truck. Streets would utilize the same employees from November through March for bus stop snow removal. The third member of the crew would be a newly hired SMO 2 in the Streets Division that would be assigned to work the bus stop snow removal during the winter and to Streets during the remaining months of the year. (The fourth employee needed would already be available as the newly hired person in Streets that would operate the scale and mulch sale program from March through November, and would be assigned the bus stop snow removal from December through February.) This arrangement is pending acceptance by Local 236 and Local 60. If agreement cannot be reached, the funding will not be spent without prior Common Council authorization.

Cost: 2 TE employees: 1 Maintenance Painter (16-13) and 1 Traffic Control Maintenance Worker (16-10) totaling \$125,400 (wages plus benefits)\*

1 Streets employee: 1 Street Machine Operator 2 (15-5) totaling \$63,773 (wages and benefits)

Total Cost: \$189,173
