Subject: alcohol license application at 4611 Verona Road, Madison, Wisconsin

A. L. R. C.

I strongly oppose the granting of any more liquor licenses in the neighborhoods of Dunns Marsh or Allied Drive. We are pan-handled and mugged enough by addicts!

Last weekend there was much violence all of them intoxicated with weapons! Property destruction was done and gangs may have been involved. Enough! Please have the applicant go away to another neighborhood that can drink the intoxicating and addictive substance elsewhere!

The applicant has no rational to assume prejudice from the neighbor. My former husband was of her ancestry. I had been married to him for 15 years. The reason for divorce was excessive promiscuity; I loved him; but, I had to divorce before I was killed by S.T.D.! Now I am married to a man who is very responsible and of noble character (past 15 years). He is a sober individual. If we were all so prejudice would we knowingly move into a neighborhood of various ancestry and color? She has to know we are oppose to the liquor and it's effects, destruction of our community etc.

I oppose because the new date change did not give neighborhood associations time to get flyers out in the community. Westmorland Heights residents are sick of drink driving accidents at Nakoma and Midvale. I do not believe they have had adequate notice of the new date either. This is where state representative Therese Bercau lives. The applicant has not even met with our neighborhood council, yet, scheduled Dec.7. Did the applicant meet with the neighborhood council of Westmorland Heights?

I am going to meet with the mayor, Julie Stroick, Linda Horvath and the west side police. You better believe it I will do all that is humanly capable to make my neighborhood a safer place to live.

I am a registered voter and a competent citizen. Sincerely, Thea Teresa Bate-Bach of 1905 Danbury Street Madison, Wisconsin.
