

Mr. Christianson and Lund,

I am writing to voice my concern over the proposed liquor store near Allied Drive since I am unable to appear tonight at the meeting.

Empty liquor bottles are found all over the streets in the Dunns Marsh area along with drunken fighting happening after bar close. Just last week a fight broke out across the street from my home with around 15 people involved. There is increasing violence in this neighborhood and I believe that another liquor store will only add more problems to an already troubled area. I ask that this applicant be declined a license.

Thank you for your time,

Becky
