To the Board of Public Works:

I urge your support for Item 16 (Legistar 26765), improvements to the Park St and Fish Hatchery Rd intersection.

The proposed plans are the result of two neighborhood meetings. We discussed pedestrian crossings and bike use on Park St and Fish Hatchery Rd, and this intersection in particular. This is a very busy corridor, with 65,000 cars passing through the intersection daily. It's in the middle of a very walkable, bikeable neighborhood. These are modest improvements, but we hope they will improve access and safety for our residents.

I'm sorry that I won't be able to attend the BPW meeting. I have a conflict.

Please vote yes on Item 16.

Thank you.
