Subject: Sanitary Sewer Investigation, Mapping and Assessment

Please accept this letter as a proposal to complete a sanitary sewer investigation, mapping and system assessment for the future transfer of the sanitary sewer mains (6" pipe diameter or larger) to the City of Madison.

City of Madison Engineering has reviewed the current WI Air National Guard owned sanitary sewer mapping for the privatization and transfer of sanitary sewer to the City of Madison. City Engineering has estimated 8,000 linear feet of six inch and larger diameter sewer pipe currently in service. For the transfer of this sanitary sewer, the City is requesting investigation of the current system including topographic survey, mapping, structure inspections and cleaning and closed circuit televising of the system. The City of Madison proposes to complete this work for \$30,000. If lines are excessively dirty or clogged and require additional cleaning, the City of Madison will charge \$150 per hour for this work with approval from the WI Air National Guard Commanding Office or assigned agent.

If you have any questions about the project, please call Eric Dundee at 608-266-4913 or via email at edundee@cityofmadison.com
