# MADISON Public Market

### **DRAFT-Public Market Introduction and Survey**

#### Background

The City of Madison is considering developing a Madison Public Market (Market). The Market would be an indoor, year-round opportunity to build the successful local food economy that already exists within the Region. The City has already devoted some energy toward the vision of a Market and Mayor Paul R. Soglin has charged the Madison Local Food Committee (Committee) in taking this work to the next step. The Committee and Mayor want to identify a group of vendors who may have an interest, even a small interest, in a Market to learn about what type of market they would be personally interested in vending within.

#### Vision

At this time, the Committee envisions the Market to initially have the following characteristics:

- Be a fresh food type of Market offering a combination of produce, processed foods and prepared foods
- All items sold at the Market would be locally produced
- Appeal to local and regional food shoppers; however, it may also be a tourist attraction
- Operate indoors
- Operate year around
- Be open 6 or 7 days a week
- Would not be located Downtown
- Would be located on a major transportation corridor within approximately 5 miles of Downtown Madison
- Would have off street parking for vendors and shoppers
- Would provide bicycle parking
- Would be on or near a bus stop/route

Three great examples of this type of Market are:

- 1. West Side Market (Cleveland) http://www.westsidemarket.org/
- 2. Findlay Market (Ohio) http://www.findlaymarket.org/
- 3. Pike Place (Seattle) <u>http://pikeplacemarket.org/</u>

Please visit these websites to gain a further understanding of the vision the Committee already has.

#### **Next Steps**

The Committee is now focusing on defining the business aspect of the Market. Who are potential vendors;? Is there sufficient interest by existing and potential vendors to create and sustain a Market? What would be sold at the Market? To assist with this effort, please take a few moments to complete the attached survey. You can answer it online at \_\_\_\_\_\_ or fax it to 608-261-6126 or mail it to Office of Business Resources, P.O. Box 2983, Madison, WI 53701-2983

If you would rather talk with a staff person about a public market in Madison please contact Matthew Mikolajewski, Office of Business resources Manager, at 267-8737 or <u>mmikolajewski@cityofmadison.com</u>

At the end of the survey you will find a question about whether or not you would be interested in participating in future surveys and/or focus groups. We hope you will be able to participate further in the months ahead as we continue to explore opportunities for a Madison Public Market.

## **DRAFT-Public Market Survey**

Please note that the release of information provided through this survey may be subject to public release through the State Open Records Laws. If you wish for certain information to remain confidential, please do not include it with this survey. Please only provide information you are comfortable sharing in this format. If interested, you can speak directly to Matthew Mikolajewski, Office of Business resources Manager, at 267-8737 if you are concerned with the release of certain information before completing the survey.
