Scott,
Thank you for your comments. I will share them with PBMVC members and include in the public hearing testimony.

Subject: SW commuter path lighting comments

Hi Sabrina and Marsha,

I am writing to register my comments about the southwest commuter path lighting. I live in Sue Ellingson's district and had previously written her (cc'ed) about her opposition due to mainly hearing opposition from people in her district.

My wife and I strongly support lighting the bike path. We are frequent bike commuters and have had several run-ins or close calls with other bikers / pedestrians at night that are not wearing their own lights, despite our best efforts to slow down and be safe at night. We feel that it is in the best interest of safety to light the southwest commuter path.

We're also fairly alarmed by the NIMBY attitude of the opposition.

Thanks,
Scott Diehl
