I am sending this to the city clerk for distribution to all members of the ALRC.

I support Next Door Brewing Companys application for a Class B liquor license for their new restaurant at 2439 Atwood Avenue. I am excited to finally see someone invest in the empty building below me. I am a tenant in number 2 apartment above the renovation. Keith Symonds has been very helpful and cooperative. I foresee no negative issues and am very much looking forward to a new business in this side of Madison!
