RE: File No. LD 1311 – Certified Survey Map – 1033 High Street (T. Wall Residential/ Wingra Point)

Dear Mr. Marty;

The one-lot certified survey combining your client's property located at 1033 High Street, Section 26, Township 7N, Range 9E, City of Madison, Dane County, Wisconsin, is hereby **conditionally approved**. The site is zoned PD-SIP. The conditions of approval from the reviewing agencies to be satisfied before final approval and recording of the CSM are:

Please contact Janet Dailey of the City Engineering Division at 261-9688 if you have questions regarding the following ten (10) conditions:

1. Add the interim elevation at the high point on the westerly property line between existing Lots 4 and 5.
2. Delete drainage note 2 on page 3.
3. Update the street name on Sheet 1 of 5 and Sheet 2 of 5: It should be S. Brooks Street.
4. Correct errors on all headers and Surveyor's Certificate. They are missing the reference to Block 2 of Fiore Plat.
5. On Sheet 2 of 5, add the word 'easement'. (Existing 12' x 12' Right-of-Way Easement to MG&E per Doc #1997199.)
6. The following note shall be placed on the CSM: "No changes in drainage patterns associated with development on any or all lots within this CSM shall be allowed without prior approval of the City Engineer."
7. A minimum of 2 working days prior to requesting City Engineering Division signoff on the CSM, the applicant shall contact Janet Dailey (261-9688) to obtain the final stormwater utility charges that are due and payable prior to sub-division of the properties. The stormwater utility charges (as all utility charges) are due for the previous months of service. All charges shall be cleared prior to the land division (and subsequent obsolesces of the existing parcel).
8. All outstanding Madison Metropolitan Sewerage District (MMSD) and City of Madison sanitary sewer connection charges are due and payable prior to City Engineering sign-off, unless otherwise

collected with a Developer's/ Subdivision Contract. Contact Janet Dailey (261-9688) to obtain the final MMSD billing a minimum of 2 working days prior to requesting City Engineering signoff.

9. Wisconsin Administrative Code A-E 7.08 identifies when Public Land System (PLS) tie sheets must be filed with the Dane County Surveyor's office. The developer's surveyor and/or applicant must submit copies of required tie sheets or condition reports for all monuments, including center of sections of record, used in this survey, to Eric Pederson, City Engineering Division. If a new tie sheet is not required under A-E 7.08, Engineering requests a copy of the latest tie sheet on record with Dane County Surveyor's office. The applicant shall identify monument types on all PLS corners included on the plat or CSM. Note: Land tie to two PLS corners required.
10. In accordance with Section s.236.34(1)(c), which says a CSM shall be prepared in accordance with s.236.20(2)(c)&(f), Wisconsin Statutes, the applicant shall show the type, location and width of any and all easements. Clearly identify the difference between existing easements (cite Register of Deeds recording data) and easements which are being conveyed by the CSM. Identify the owner and/or benefiting interest of all easements.

14. As of April 17, 2013, the 2012 real estate taxes are partially paid for the subject property, with the second installment of \$1,861.74 owed. There are no special assessments reported. All outstanding taxes shall be paid in full prior to final approval of the CSM for recording, with receipts for payment to be provided.
