Please describe applicant's mission, program and years in existence. Including your organizations staffing and budget: 1 ST HOUSE LTD mission is to improve the quality and affordability of housing for low income residents in Dane counties. The program requires mandatory counseling to educate interested applicants on the various facets of home ownership (e.g., mortgage terms and conditions, debt management, and household budgeting, design, construction practice). The program's primary objective is to develop viable communities -- principally for persons of low- to moderate-incomes -by providing decent housing and suitable living environments. 1 ST HOUSE is a startup company that has recently launched operations in 2012 year. Currently our budget is about \$15,000.

PROJECT DESCRIPTION

Please provide an overview of the project, including whether project is acquisition, rehab and/or new construction, type, size of unit created and the impact of your project.

Program includes new construction and development of housing units to the target groups.

Project is located in Madison, East side:

1/. 6309 Driscoll Dr, Madison, WI 53718 [Lot: \$32,000] The proposed residential building size: 1100 sq. ft. + garage 2/. 1 Connor Ct, Madison, WI 53718 [Lot: \$30,000] The proposed residential building size: 1100 sq. ft. + garage

3/. 121 Rustic Dr, Madison, WI 53718 [Lot: \$34,000] The proposed residential building size: 1100 sq. ft. + garage

AHTF PRIORITIES

Please check which of the following objectives outlined in the Request for Proposals your proposal meets:

Reduce the number of foreclosures or foreclosed properties

Assist or create housing in areas with poor quality housing, high cost housing or negative neighborhood image

- Assist or create workforce housing
- Reduce the number of individuals who are homeless

AFFORDABLE HOUSING NEEDS

Please describe your knowledge of and experience in identifying the affordable housing needs of the City and the impact on the community.

Congress passed the Housing Act of 1949, 13; promising "a decent home and a suitable living environment for every American family." But profit margins on affordable housing are generally lower than at–market housing, and thus market forces also drive developers to build larger and larger suburban houses.

1 ST HOUSE make construction of affordable units more financially feasible. We build house for \$90,000 and calculate minimum profit margin which give maximum price for our houses of \$99,750 which is under 95 percent of median limits. Assuring the long term affordability 1 ST HOUSE provide direct assistance to low income households in the form of securing all available form of grants and FHA loans to help cover some of the cost of homeownership such us down payment, closing cost,

PROPOSED PROJECT GOALS

Please provide the total number of units in the project, the number of affordable units in the project and the number of units assisted with requested funds in the project.

3. Identify if your project includes any of the following features (Check all that apply):

Incorporates accessibility features - [Yes]

Incorporates energy efficiency features - [Yes]

Involves lead paint removal Involves asbestos removal

Please describe the level of accessibility that you plan to provide.

At 1 ST HOUSE, we thoughtfully plan every space to accommodate each low income family day to day needs including high level of accessibility. The homes are all designed according to Ada Standard for accessible design. The standards set minimum requirement for houses to be readily accessible to and safe usable by individuals with disabilities. Design according to ADA standard secure for our homes highest level of accessibility.

4. Please describe the energy efficient features you plan to provide and indicate the resulting monthly utility savings to the home-owner.

ENERGY efficient features homes include features:

- A complete Thermal Enclosure System with comprehensive air sealing, guality-installed insulation, and highperformance windows, to deliver improved comfort and lower energy bills
- A high-efficiency Heating, Ventilating, and Cooling System that is designed and installed for optimal performance
- A comprehensive Water Management System to protect roofs, walls, and foundations from moisture damage
- Energy-Efficient Lighting and Appliances to help keep utility bills low, while providing high-quality performance and longevity.

Energy-efficient home design reduces energy use by increasing insulation levels, tightening the building envelope, and incorporating energy-efficient lighting, appliances, electronics, water heating, and heating and cooling systems.

5. Please describe the proposed terms of the AHTF loan you are requesting.

1 ST HOUSE is a startup company that has recently launched operations in 2012 year. This project is the first project from 1 ST HOUSE housing for buyers program. Program seeks to expand the availability of affordable housing for low income. Project is located in Madison, East side:

 <u>Program Abstract</u>: Provide an overview of the project. Identify the community need to be addressed. Summarize the program's major purpose in terms of <u>need</u> to be addressed, the <u>goals</u>, procedures to be utilized, and the expected <u>outcomes</u>. Limit response to 150 words.

Project "Residential Houses" provides the direction and focus of 1 ST HOUSE LTD in achieving its mission to create strong, sustainable communities building quality, affordable homes for all. Project is located in Madison, East side:

1/. 6309 Driscoll Dr, Madison, WI 53718 [Lot: \$32,000]

The proposed residential building size: 1100 sq. ft. + garage

2/. 1 Connor Ct, Madison, WI 53718 [Lot: \$30,000]

The proposed residential building size: 1100 sq. ft. + garage

3/. 121 Rustic Dr, Madison, WI 53718 [Lot: \$34,000]

The proposed residential building size: 1100 sq.ft. + garage

The strategic plan sets forth three core goals:

- 1/. Meet the need for quality affordable houses for low income families
- 2/. Utilize housing as a platform for improving quality of life

3/. Build inclusive and sustainable communities free from discrimination

1 ST HOUSE LTD priorities are:

-Job creation for low-income residents

- Secure financing

- Advertise project, accept application from low income families

- Actively promote sustainability through building energy-efficient, environmentally friendly, healthy design, including elements of universal design.

- Using housing as a platform for improving other outcomes such as the health, education, safety, environmental and economic outcome for low income population.

Our goal is to make construction of affordable units more financially feasible. We build house for \$90,000 and calculate minimum profit margin which give maximum price for our houses of \$99,750 which is under 95 percent of median limits.

2. <u>Target Population</u>: Identify the projected target population for this program in terms of age, residency, race, income eligibility criteria, and other unique characteristics or sub-groups.

1 ST HOUSE LTD mission is to improve the quality and affordability of housing for low income residents in Dane counties. Many low-income residents in our community cannot afford to buy quality house. We will create and build quality affordable housing for low income families actively preventing discrimination because of race, color, national origin, sex, religion, disability or familial status.

Low income families are qualifying for 1 ST HOUSE program if total household income for the last three months falls at or below 80% of State Median Income.

12_____# unduplicated individuals estimated to be served by this project.

3_____# unduplicated households estimated to be served by this project.

3. <u>Program Objectives</u>: The 5-Year Plan lists 9 project objectives (A through N). Circle the one most applicable to your proposal and describe how this project addresses that objective.

- A. Housing Existing Owner-Occupied
- B. Housing For Buyers
- C. Housing Rental Housing
- E. Economic Dev. Business Creating Jobs
- F. Economic Dev. Micro-enterprise

1 ST HOUSE - HOUSING FOR BUYERS PROGRAM

- G. Neighborhood Civic Places
- K. Community-based Facilities
- L. Neighborhood Revitalization
- N. Access to Housing Resources

The HOUSING FOR BUYERS program seeks to expand the availability of affordable housing for low income residents. Program includes new construction and development of housing units to the target groups.

The custom unit development seeks to increase the supply of affordable housing for lower income groups. The program requires mandatory counseling to educate interested applicants on the various facets of home ownership (e.g., mortgage terms and conditions, debt management, and household budgeting, design, construction practice). The program's primary objective is to develop viable communities -- principally for persons of low- to moderate-incomes -- by providing decent housing and suitable living environments

To achieve the primary objective program provide benefits to low-and moderate income persons.

FACILITIES

A. Recap: Funds would be applied to:

____ acquisition only; ____ rehab; __X new construction; ___ acquisition and rehab or construction

B. State your rationale in acquiring or improving this space. (i.e., lower costs, collaborative effort, accessibility, etc.)

Project provides the direction and focus of "1 ST HOUSE" in achieving its mission to create strong, sustainable communities building quality, affordable homes for all.

C. What are the current mortgages or payments on property (including outstanding CDBG loans)?

Amount Name

No

- D. If rented space:
 - 1. Who is current owner?
 - 2. What is length of proposed or current lease?
 - 3. What is proposed rental rate (\$/sq. ft. and terms) and how does this compare to other renters in building or in area?
- E. If this is new space, what is the impact of owning or leasing this space compared to your current level of space costs?

If you can own a home for less than the cost to rent, then it's a logical financial proposition.

F. Include:

- A minimum of two estimates upon which the capital costs are based. (Be sure to base your labor costs on enforcement of Fair Labor Standards and the payment of Federal Prevailing Wage Rate.)
- 2. A copy of the plans and specifications for the work, or a description of the design specifications you have in mind.
- 3. If you own the building: A copy of your long range building improvement plan and building maintenance plan.

(Include a narrative describing what the building needs and how you expect to maintain it over time.)

HOUSING FOR BUYERS

A. Recap briefly the key or unique features of this project:

This project is the first project from 1 ST HOUSE housing for buyers program. This program seeks to expand the availability of affordable housing for low income residents and include new construction and custom design development of housing units to the target groups. The project primary objective is to develop viable communities, principally for persons of low incomes by providing custom decent housing and suitable living environments for each low income family member. At 1 ST HOUSE, we thoughtfully plan every space to accommodate each low income family day to day needs whether it's an oasis of solitude, place for friends or wheelchair access.

1. Activities to bring it to housing and code standards:

Project will be custom designed for low income family according to Wisconsin Administrative Code, Wisconsin uniform dwelling code, inspection procedures and ADA standards for accessible design. 1 ST HOUSE will request project review and permit from the Planning and Zoning and Building Division of the City of Madison. Part of the permitting process includes a "project check" where City of Madison Planning, Zoning and Building Department review plans for compliance with applicable codes and regulations. Project will also be submitted for review by Fires department. Contractors and subcontractors for low income houses programs will be chosen according to standards established by the federal Home and CDBG programs as administered by the City of Madison Community Development office and Department of Administration. Bids and proposal are solicited as needed for each project.

2. Ways to assure the <u>long-term</u> affordability of the unit? (i.e. Repayment <u>or</u> land use/lease restriction or other special funding features to make it affordable):

Assuring the long term affordability 1 ST HOUSE provide direct assistance to low income households in the form of securing all available form of grants and loans to help cover some of the cost of homeownership such us down payment, closing cost, or carrying cost. After sales our houses will stay affordable for 30 years and the funds will be secured with a mortgage on the property and a land use restriction keeping the property affordable for the 30 year period.

3	3-4	\$34,000			\$650	50%-80%MIL	30	\$99,750	

B. Provide the following information for owner-occupied properties (list each house or unit):

* Refer to 24 CFR 92.206 or 570.202 for such costs as construction, acquisition, architectural engineering services, affirmative marketing, relocation.

** Less than or equal to 30% of median income, less than or equal to 50% of median, less than or equal to 60% of median, or less than or equal to 80% of median.

C. Describe proposed improvements to increase the level of accessibility:

At 1 ST HOUSE, we thoughtfully plan every space to accommodate each low income family day to day needs including high level of accessibility. The homes are all designed according to Ada Standard for accessible design. The standards set minimum requirement for houses to be readily accessible and safe usable by individuals with disabilities. Following in design ADA standard secure our homes highest level of accessibility.
