Subject: Atwood BP liquor license

Alder Rummel,

I appreciate your opposition to the Atwood BP's application for a Class A license. Your comments at the ALRC were spot on. In particular, your point about the fact that the business made a promise to the neighborhood and if this is approved, people will just try and "wait it out" in the future. Please continue to oppose this license approval. Feel free to forward my comments on to the members of the ALRC.

Thank you for your time and your service to the City.

Regards,

Dan Rolfs
