Matt,

I talked w/ Reverend Gee about this sometime ago... and am very happy to see something is moving on this. The car wash is an eye soar and in the past was a haven for nuisance drug dealing. I fully support what Reverend Gee and Fountain of Life envision for this area.

If you need a more formal letter on this to add to the file, let me know !!!

Joe

Joe- do you know about this: <http://www.cityofmadison.com/planning/projects/conditional/633wbr.html>

The church want sot demo car wash, build athletic fields. The fields will be lit at night, nighttime (and daytime) activities will be heavily promoted as a place for kids to go on south side.

Let me or Heather Stouder know if you have any questions. Matt.
