Amendment No. 1

Amendment No. 2

Agency: **Police Department** Page(s): 44 Sponsors: Alds. Verveer, Resnick, Zellers

Modify Highlight No. 3 to read: The 2014 Budget includes \$2.6 million for Police Department overtime pay. Of that amount, \$50,000 is earmarked for citywide safety initiatives, \$30,000 for the Southwest Safety initiative, and \$65,000 for peak service times in the Central District. In addition, the Police Chief has the discretion to utilize other budgeted overtime funding for these purposes.

Add funding for the Council Legislative Analyst to attend conferences. In 2013, Alders requested that the Council Legislative Analyst attend the League of Wisconsin Municipalities Conference in Green Bay. Funding was provided from the Council's overall travel fund. There is value in having the Council Legislative Analyst travel to conferences that some Alders, but not most, attend. This amendment provides some basic travel funds for the conferences that the Legislative Analyst is likely to be asked by Alders to attend.

Direct that unanticipated revenues of up to \$40,000 total be used first to support additional funding for the Emerging Opportunities Program. Because the budget for General Fund revenues already anticipates \$300,000 in Miscellaneous Revenues, it is the intent of this amendment that any unanticipated revenues of up to \$40,000 over and above the amount already budgeted be first directed to support the Emerging Opportunities Program. In order to recognize any unanticipated revenues and additional expenditure authority during the course of the year, a Resolution(s) to amend the budget as appropriate will require additional Common Council approval.
