Subject: 2501 East Springs Drive - Goben Auto Sales Facility

Al,

I drove over yesterday afternoon after we talked and studied this site for a long time. The midpoint decorative stone wall on East Springs Drive now has a stone cap installed on top. The cap finishes the wall off and looks much better. I inspected the site again this afternoon and am now satisfied with the appearance, provided that the landscaping proposed in the plan submitted to UD materializes..

I don't have any problem with UD granting final approval for this project. Thanks for your help and please contact me if you have any questions.

Sincerely,
