Resurfacing 2014 (\$7,300,000)

Gammon Road Resurfacing 2014 (\$650,000)

Pavement Rating 6

Curb Rating 8

Last resurfaced in 1999 (15 years)

Agenda Item 6, Carry all options forward allowing the resurfacing of Gammon Road to be resurfaced with its current geometry in 2014 if that is the decision after further study.

Approve the project as presented to the Common Council but add the following three "Be It Resolved" clauses:

12. City Staff and the PBMV Commission shall review alternate cross sections that may involve widening the roadway and alternate pavement marking plans that could be implemented within the existing street width and shall provide a recommendation to the Board of Public Works by April 23, 2014. The BPW shall provide a recommendation to the Common Council after having received the PBMV Commission's recommendation.

13. The Board of Public Works shall bid the Work on Gammon Road in such a fashion that the Gammon Road Resurfacing component of the project may be deleted from the project if ordered by the Common Council.

14. If the PBMV Commission is unable to provide a decision to the Common Council by the date specified in this resolution or the Common Council determines that the Gammon Road Resurfacing should not go forward at this time, the work shall be removed from the contract.
