

9/10/14 - AC Hotel Proposal: Autumnal Equinox (9/21) Shadow Study (-6UTC)

9 am

10 am

11 am

12 noon

1pm

2pm

This shadow study was prepared by the City of Madison Planning Division Staff on 7/28/14 using the City of Madison 2013 base sketch-up model. The development proposal file, submitted by the architect was inserted into this base model for shadow comparison purposes. *Light on the Lamp House is affected by the new development between approximately 10 am and noon and doesn't affect the Lamp House after approximately noon.*

Comparison of proposed project with Lamp House Report Recommended massing:

11 am recommended massing

11 am Proposed massing

Comparisons with existing shadows:

The following diagrams show existing light (including already approved development) between 9-noon.

9 am existing

10 am existing

11am existing

12 noon existing
