## **Change of Premises Request-Two Pinners LLC dba Cheba Hut**

This request is to remove the probationary restriction for Cheba Hut's liquor license. We were required to stop pouring by midnight for the first few months of our new license.

We have had no citations, complaints or any issues to date. As a small business competing on a very busy corner, with many established restaurants and bars, we need to be positioned to compete for sales.

Right now, we only do about 0.5% of overall sales in our bar. We have invested a good amount of money into our bar program, including training and certifying our management and staff, expanding our bar, and upgrading the facilities. We would like to begin taking advantage of these investments and raise our bar mix to around 5-10% which is consistent with other Cheba Huts in the system.

We are planning to launch our full liquor program this semester and we would like to be able to serve until bar close in order to compete.
