Tier I Sidewalk Priorities

DRAFT

Tier I Sidewalk Priorites

This map displays Tier I Sidewalk Priorities for the City of Madison. Tier I sidewalks are defined as those along streets classified as arterials or collectors, and local streets that are bus routes. Tier I sidewalks should be prioritized for sidewalk installation if the City implements a program for constructing sidewalks independent from a project on the parallel street.

City of Madison policy is that all streets should have sidewalks on both sides of the street. Sidewalks not included in Tier I should still be installed whenever the opportunity presents itself.

Legend

- No Sidewalk
- Sidewalk on One Side
