Housing Needs. Based on information provided by the applicable Consolidated Plan, information provided by HUD, and other generally available 9.0 data, make a reasonable effort to identify the housing needs of the low-income, very low-income, and extremely low-income families who reside in the jurisdiction served by the PHA, including elderly families, families with disabilities, and households of various races and ethnic groups, and other families who are on the public housing and Section 8 tenant-based assistance waiting lists. The identification of housing needs must address issues of affordability, supply, quality, accessibility, size of units, and location. See attached PHA Plan Addendum (WI-003-A01)

9.1 Strategy for Addressing Housing Needs. Provide a brief description of the PHA's strategy for addressing the housing needs of families in the jurisdiction and on the waiting list in the upcoming year. Note: Small, Section 8 only, and High Performing PHAs complete only for Annual Plan submission with the 5-Year Plan.

The CDA plans to address local housing needs under the following strategies:

- To help provide a broader scope of strategies, the CDA will continue to participate in the Consolidated Plan development process.
- The CDA will continue the leasing, management, and maintenance of CDA Public Housing and Multifamily Housing units located throughout the City of Madison, and look for ways to prolong the useful life and affordability of CDA housing units.
- The CDA's Long Range Planning Committee has recommended redevelopment and/or replacement of existing CDA Public Housing, and the CDA will continue to follow those recommendations including the priority sites of Truax Park, Baird Fisher, the Triangle, and Romnes Apartments, as well as:
 - o Identify the next sites slated for renovation and begin the process of planning for future redevelopment of selected sites.
 - Look for income generating opportunities, partnerships that increase development capacity, and partnerships that increase resident access to services.
 - Investigate redevelopment strategies that will increase the number of affordable housing units within the CDA's housing portfolio, and comply with Section 504 requirements in any redevelopment activities.
- The CDA will continue to issue Section 8 housing assistance payments on behalf of Section 8 program participants, monitor and maximize its voucher lease-up rate, and explore options through Section 8 programming that will help to address local housing needs, including:
 - o Continue to explore options related to the use of Section 8 Project Based Vouchers in developing affordable and special needs housing.
 - o Review Section 8 payment standards to determine the appropriate levels for dispersion and utilization.
 - o Continue to market the Section 8 program to owners as an effort to ensure a successful voucher lease-up rate.
 - To increase owner acceptance of the program and maintain program integrity, the CDA will continue to efficiently and effectively screen applicants, ensure that families comply with program rules, and approve rental units under housing quality standards and rent reasonableness.
 - o Applying for additional Section 8 vouchers should they become available and utilize other resources available to create mixed-financed affordable housing.
 - o The CDA will continue to distribute housing assistance to homeless veterans through the Section 8 Veterans Affairs Supportive Housing (VASH) program. The VASH program provides rental assistance for homeless veterans with case management and clinical services provided by the Department of Veterans Affairs (VA).
 - o Through an additional effort to help end homelessness amongst veterans, the CDA will explore the use of project-based VASH vouchers (VASH-PBV). At HUD invitation, the CDA will apply for VASH-PBVs. If awarded, the CDA would utilize those vouchers at a permanent supportive housing site in the City of Madison.
 - o The CDA will continue to administer its Section 8 Family Unification Program (FUP) which is aimed at preventing family separation due to homelessness or lack of adequate housing, as well as to ease the transition out of foster care for aging-out youth who lack adequate housing.

Strategy for Addressing Housing Needs Cont.

- The CDA will continue to review current preferences or set-asides and determine if still needed, or if preferences or set-asides should be added or revised. This will be performed as part of updates to the CDA's Admissions & Continued Occupancy Policy (ACOP), Administrative Plan, and Tenant Selection Plan (TSP). Policy updates may include corresponding revisions to CDA housing leases.
- The CDA will continue to meet HUD's federal income targeting requirements for families at or below 30% of AMI in Public Housing, Multifamily Housing, and Section 8.
- The CDA will continue to comply with fair housing and equal opportunity requirements, and will continue to affirmatively further fair housing, including affirmatively marketing to assist families with disabilities and families of races/ethnicities, which are shown to have disproportionate housing needs.
- 10.0 Additional Information. Describe the following, as well as any additional information HUD has requested.
 - (a) Progress in Meeting Mission and Goals. Provide a brief statement of the PHA's progress in meeting the mission and goals described in the 5-Year Plan.

See attached Progress Report (WI-003-A06)

(b) Significant Amendment and Substantial Deviation/Modification. Provide the PHA's definition of "significant amendment" and "substantial deviation/modification"

The Annual Plan, along with other documents required by HUD (e.g. Section 8 Administrative Plan, Public Housing Admissions and Continued Occupancy Policies, etc.) are valuable tools in explaining to the public, the CDA's policies and procedures. These documents are organized, readily accessible, and easy to understand. Revisions are made to help clarify these policies and procedures. Situations can arise that were not anticipated and these revisions can help to clarify what was implied or understood by the Housing Authority. Also, some administrative procedures are outlined in the CDA's policies and these can be modified to improve efficiencies. A significant amendment or substantial deviation does not include any changes in HUD rules and regulations, which require or prohibit changes to activities listed herein; and a significant amendment or substantial deviation would be a change which was completely contradictory to existing policies and had a potentially substantial impact on a significant number of program participants and or applicants.

- 11.0 Required Submission for HUD Field Office Review. In addition to the PHA Plan template (HUD-50075), PHAs must submit the following documents. Items (a) through (g) may be submitted with signature by mail or electronically with scanned signatures, but electronic submission is encouraged. Items (h) through (i) must be attached electronically with the PHA Plan. Note: Faxed copies of these documents will not be accepted by the Field Office.

Statement of Housing Needs:

The CDA used the City of Madison's 2015 – 2019 Consolidated Plan to determine the housing needs of families in the jurisdiction

The City of Madison's housing needs are overwhelmingly driven by a mismatch between income and housing cost, resulting in high levels of housing cost burden. Housing cost burden is prevalent among non-family renter households with income below 30% of Area Median Income (AMI).

COMMUNITY DEVELOPMENT AUTHORITY CITY OF MADISON

2016 PHA 5-Year and Annual Plan Progress Report

Increase and Expand the Supply of Assisted Housing

The CDA continues to support the City of Madison's plans to prevent and end homelessness. In 2015, the CDA made a commitment to provide 27 Section 8 project-based vouchers for the City's permanent supportive housing project for chronically homeless, known as the Rethke project. The estimated date of completion for the Rethke project is 2016. The CDA also made a commitment to provide eight (8) Section 8 project-based vouchers for use at the Pinney Lane Housing project, which is to be owned and managed by Movin Out. Pinney Lane will provide supportive housing for families with permanent disabilities, as well as for homeless and disabled military veterans. The CDA will complete its Truax Phase 2 redevelopment in 2015. One eight-unit building will be used by Porchlight, Inc. to provide supportive services to chronically homeless individuals. The CDA has committed eight (8) Section 8 project-based vouchers to the Porchlight building with move-ins to begin in October of 2015.

Over the last several years, the CDA has applied for and received 254 special use vouchers to assist City of Madison residents who are either homeless or who are facing homelessness. The CDA was awarded 100 HUD-Family Unification Program (FUP) vouchers for providing housing assistance to families who are working with supportive agencies because their lack of adequate housing is a primary factor in the separation, or threat of separation, of their children from their household, or because their lack of adequate housing is preventing the reunification of their children to their household, or because of inadequate housing for a youth who is aging out of foster care. The CDA plans to continue with this objective and work in cooperation with Dane County Human Services and their foster care program.

The CDA continued to distribute housing assistance to homeless veterans under the Veterans Affairs Supportive Housing (VASH) Section 8 Voucher program. The VASH program provides rental assistance for homeless veterans with case management and clinical services provided by the Department of Veterans Affairs (VA). In 2015, the CDA received 21 VASH vouchers in addition to

the 133 VASH vouchers already in use by the CDA. HUD awards VASH vouchers based on geographic need and public housing agency administrative performance. In 2015, the CDA applied for 25 VASH project-based vouchers pursuant to HUD invitation. The CDA was not awarded the vouchers because, although the intended project was near completion in its development planning, the intended project property had not begun its new construction yet. The CDA may apply again for any VASH project-based vouchers available and pursuant to HUD invitation, as some of the CDA's previous PBV commitments may warrant better use this type of project-based voucher.

The CDA continues to monitor Payment Standards for the Section 8 Housing Choice Voucher program to maximize availability and utilization.

Improve Quality of Assisted Housing and Quality of Life

The CDA owns and operates approximately 748 units of Public Housing and 115 units of Multifamily Housing in 37 locations that receive federal subsidy to support operations. Many of these properties are in excess of 40 years old and in need of replacement or renovation. The CDA's Long Range Planning Committee identified CDA housing sites for renovation, rehabilitation, and new construction as a strategy to address local housing need. The CDA developed a priority approach and worked with Public Housing residents to develop a concept plan at its priority site, Truax Park.

A Master Plan and Site Development Study containing recommendations for the redevelopment of Truax Park was adopted by the City of Madison Common Council in 2009 (the *Truax Master Plan*) and continues to be implemented with Truax Phase 1 completed in 2011. Under Phase 1, funding was received and construction completed on the rehabilitation of 71 units. In 2013, the CDA received an allocation of affordable housing tax credits for the construction of 48 apartment units under Traux Phase 2. The new units replace aging Public Housing apartments with eight (8) of the new units to be used by Porchlight, Inc. to provide supported housing for homeless adults. Construction of Truax Phase 2 started in 2014 and completion is expected by the third-quarter of 2015. Residents began to move into the first completed building in July of 2015.

In an effort to support the elimination of blight and the redevelopment of distressed affordable housing in the City of Madison, the CDA made a commitment to provide eight (8) project-based Section 8 vouchers to the newly acquired and rehabbed housing units at Ridgecrest (formerly known as "The Woodlands.") Initial lease up began in July of 2015.

The CDA has been partnering with local for profit and not for profit housing agencies in service to low income housing needs. The CDA continues to provide project-based Section 8 vouchers to a number of not for profits, which allows housing assistance for a wide variety of low income families, including the elderly, families with children, the developmentally disabled, and those with mental illness and addiction issues.

The CDA collaborated with City of Madison Community Development Block Grant (CDBG), Dane County CDBG, City of Madison Department of Civil Rights, Dane County Affirmative Action, and the Dane County Housing Authority to develop a common Section 3 Program that coordinates efforts. The CDA continues to implement the Section 3 program which promotes employment opportunities for low income residents through the use of federal funds.

Promote Self-Sufficiency of Families and Individuals

Through the Section 8 Homeownership Option, the CDA continues to promote and support homeownership for first-time homebuyers. Approved Section 8 households can use their Section 8 voucher assistance to help with monthly homeownership mortgage payments and expenses. The CDA assisted with five (5) Section 8 home purchase closings in 2013 and one (1) closing effective August, 2015, bringing the total CDA Section 8 homeownership options to 34. Under this program, qualified low-income residents become true stakeholders by investing in themselves and their communities; and communities benefit with increased owner-occupied residency, enhanced property values, and increase tax revenue.

The CDA's Section 8 Family Self-Sufficiency (FSS) program is a great opportunity for Section 8 families to achieve economic independence. This CDA initiative refers participating families to educational, career counseling, money management, job training, and placement services. The FSS family also receives a savings account that grows as the family's earned employment income rises. Upon completion of the five-year FSS participation contract, the family receives the accumulated money, which may be used to purchase a home, pay for higher education, start a business, or pursue other personal goals. The CDA's goal is to support 13 families through the FSS program. Currently, the CDA has 13 FSS program participants with five (5) of those families escrowing an average of \$329 per month. In addition, the CDA received a Resident Opportunity Self Sufficiency (ROSS) Program grant to fund employment programming for its Public Housing family sites.

Ensure Equal Opportunity

The CDA has developed extensive non discrimination and fair housing policies and complies fully with nondiscrimination laws and with the rules and regulations governing Fair Housing and Equal Opportunity in housing and employment. The CDA does not deny any family or individual the equal opportunity to apply for or receive rental assistance on the basis of race, color, sex, religion, familial status, age, disability, national origin, marital status, gender identity, or sexual orientation. New Staff attend fair housing training generally within first year of employment. CDA Staff also attend other fair housing trainings provided through HUD/WHEDA trainings or housing conferences. The CDA posts Fair Housing posters at CDA office locations, provides Fair Housing notices at all new participant briefings, and makes discrimination complaint forms available through its website, so that those who believe that they have been subject to unlawful discrimination may submit a complaint to the HUD Office of Fair Housing and Equal Opportunity.

The CDA continues to ensure equal opportunity through continued outreach to local community organizations serving low income demographics. The CDA continues to make its programs accessible to persons with disabilities and the CDA works closely with local supportive service agencies that assist persons with disabilities. To address Language for Limited English Proficiency Persons (LEP), the CDA continues to provide vital documents in Spanish and CDA staff continue to utilize interpretation services as needed for LEP customers.

The Violence Against Women Act (VAWA)

The Violence Against Women and Department of Justice Reauthorization Act of 2005 (VAWA) provides special protections for victims of domestic violence, dating violence, and stalking who are applying for or receiving assistance under the CDA's housing programs. The CDA continues to follow the applicable VAWA provisions, and a VAWA policy currently exists within each of the CDA's written policy documents. The following outreach is also provided to ensure that applicants and program participants are notified of their rights under VAWA:

- VAWA provisions are outlined in the CDA's Section 8 Housing Assistance Payment (HAP) contract
- Notice of VAWA rights is provided to Section 8 participants and landlords through new participant briefings and the regular certification process
- Public Housing and Multifamily Housing tenants are provided with a notice of VAWA rights at annual re-certification
- Notification of protections and rights under VAWA is provided at the issuance of application denials and termination of assistance or eviction.
