The cost of the required repairs shall be paid by the property owner, or shall be imposed as a special charge against the property and collected pursuant to the provisions of sec. 4.09(13) of the Madison general ordinances and Wis. Stat. § 66.1111(2), if necessary through the initiation of condemnation proceedings under Wis. Stat. § 32.06.

Analysis and Conclusion

The Third Lake Ridge historic district was created in 1978. The Landmarks Ordinance (Chapter 33.19) contained an obligation to maintain properties in historic districts. The language of 33.19(8)(a) read,

Every person in charge of an improvement on a landmark site or in an Historic District shall keep in good repair all of the exterior portions of such improvement and all interior portions thereof which, if not so maintained, may cause or tend to cause the exterior portions of such improvement to fall into a state of disrepair. This provision shall be in addition to all other provisions of law requiring such improvement to be kept in good repair.

The revised Historic Preservation Ordinance (Chapter 41) establishes a process to allow the Commission to find that a property is undergoing demolition by neglect (see Relevant Historic Preservation Ordinance section above). Based on the report and information provided by Inspector Van Berkel and the testimony of the public hearing, the Landmarks Commission shall determine if the property is undergoing demolition by neglect. If the Commission finds that demolition by neglect is occurring, the action report of the Landmarks Commission will be provided to the Common Council, the Building Inspector, and the Office of the City Attorney.

Recommendation
