

Proposed 2016 Public Amplification Permit Fees

Background: All Amplification Permits were \$100, whether the reservations were for a standard shelter reservation, a one-time Special Event or even a multi-date Special Event reservation.

Proposal: All permits will be charged on a daily basis. If an Amplification Permit is not purchased prior to a shelter reservation, rangers will determine the decibel level of amplification and will collect appropriate fees, plus charge an additional \$25 ranger service fee. If an Amplification Permit is not purchased, an appropriate citation may be issued. Special Events that have not purchased an Amplification Permit will be subject to a shut down situation.

LEVELS OF AMPLIFICATION
