Fiscal Note

2015 Capital Budget

Fire Maintenance Building/Design Fund No. 10304-41-140: 58011 \$970,616

2016 Capital Budget

Funds will need to be reauthorized in 2016 in the amount of \$1,480,000.

(\$100,000 was borrowed in 2015; \$50,000 was re-authorized in the 2016 executive capital budget.)

Title

Authorizing the Mayor and City Clerk to enter into an agreement with RNL Design Inc. to provide professional architectural and engineering design services for Fleet Services Nakoosa Trail Fire Maintenance Facility in the amount of \$970,616.

Body

WHEREAS the 2015 Capital Budget includes an amount of \$750,000 for Fleet Service Relocation and \$880,000 for Fire Maintenance Building/Design, an architect consultant must be hired to design this project; and,

WHEREAS the 2016 Fleet Services Capital Budget currently under consideration will need to be amended to reauthorize the amount \$1,480,000 from Fire Maintenance Building/Design to provide funding for design services and construction in 2016; and,

WHEREAS the total contract compensation for architectural and engineering design services for RNL Design Inc. is \$970,616; and,

WHEREAS the project is the continuing development and preparation of architectural and engineering design, plans and specifications, preparation of bid documents, assistance in the

bid process and construction administration services for the design and construction of a new building, including site development work, for the Fire Maintenance Facility; and,

WHEREAS the Fire Maintenance Facility will be designed for maintenance and repairs of fire apparatus and ambulance vehicles including heavy apparatus bays for heavy equipment maintenance, breathable air system maintenance and mask shop with harness mask storage and bottle storage, an accessible station for breathable air refilling, and parts and material storage spaces for fire apparatus repair parts and supplies for on-board equipment and safety supplies; and,

WHEREAS The Fire Maintenance Facility will be Phase I of a combined facility , with Fleet Services and the Communications Radio Shop planned to be designed and constructed in the future Capital Improvement Plan in years 2018 and 2019; and,

WHEREAS consistent with the Long Range Facility Report, relocation of Fleet Services from First Street along with the Radio Shop from Sayle Street to a combined use facility at Nakoosa Trail would provide for significant operational efficiencies ; and,

WHEREAS the current Fire Maintenance Building located on East Washington Avenue is extremely small for the size and weight of the vehicles being serviced at the property, fire engines and ladder trucks are challenging to maneuver into the building because of their size, height limitations within the existing building make raising the truck cab difficult , safety is of utmost concern, a combined use facility at Nakoosa Trail along with Fleet Services is desired to reduce travel and response times and to improve operational efficiencies ; and,

WHEREAS it is desirable to design the new Fire Maintenance Facility in 2016 and construct the new facility in 2017; and,

WHEREAS RNL Design Inc. located at 1050 17th Street, Suite A200, Denver, Colorado, has been selected through the "Request for Qualifications" process and "Final Interview" process, and is the final selected candidate in accordance with MGO Section 4.26 of Madison General Ordinances and in accordance with APM No. 3-3 of Administrative Procedure Memorandum; and,

NOW, THEREFORE BE IT RESOLVED that the Common Council hereby authorizes the Mayor and City Clerk to enter into a contract for purchase of services, in a form to be approved by the City Attorney, with RNL Design Inc. to provide professional architectural and engineering design services for the Fleet Services Nakoosa Trail Fire Maintenance Facility .
