

## Community Gardens report to FPC 3-2-16

On February 23<sup>rd</sup>, the **Community Gardens Committee** received an update on the application by Sheboygan Community Garden for space in Rennebohm Park for planting this season. The next step in the committee's mission discussion will be inviting stakeholder groups to discuss areas that are in need of additional work and oversight, and to determine who is in the best position to work in these areas now and in the future. The Gardens Summit on February 20<sup>th</sup> was very well attended.
