Members of the ALRC,

Thank you for encouraging the proprietors of That BBQ Joint to sit down with us and discuss our issues. We have had 2 productive sessions. However, we still are working on the more contentious matters.

I am asking that you please continue with the conditions on their license so that we can still work towards some mutually agreeable solutions. I am concerned that absent the current license conditions, the owners will lose interest in have a dialog with us.

Thank You,
Nick Schroeder
