# City of Madison: 2017 Capital Budget **Project Summary**

Executive Budget

Agency:	Parks Division		
Project: Project Description:	Allied Drive Area Potential Park	Project #:	10543

This project will construct a full-length basketball court in the Allied Drive area, which is accessible to all and has been a high priority for the neighborhood. Fencing and other improvements may be included in the project scope. Other funding is from private contributions. The funding for this project is a reauthorization of 2016 appropriations.

Project:	Assessable Trees	Project #:	10498
Project Description:			

This program provides funding for planting terrace trees along new streets. The goal of the program is to ensure trees are planted in newly developed areas of the city to provide an adequate tree canopy within the city. Progress will be measured by the number of trees planted within a year of site availability. The annual funding supports planting, watering, and pruning.

Project:	Beach And Sh	oreline Impro	ovements	I	Project #:	10605	

### **Project Description:**

This program provides funding for the improvement of beaches, shorelines, and access to the water. The goal of the program is to provide boat launches that are safe and useable and don't damage boats, shorelines that aren't eroding, and piers that are safe, accessible, and useable. Progress is being measured by the number of lake access permits sold and number of complaints received. The 2017 project timeline calls for improvements to be made at Olin Park, Wingra, and Olbrich.

Project:	Breese Stev	ens Improver	nents		Project #:	17157	

### **Project Description:**

This project provides funding for continued improvements to Breese Stevens. Improvements will facilitate expanded use of Breese Stevens Field by increasing capacity of the facility and providing additional amenities. Progress will be measured by number of events and attendance at events. Projects planned for 2017 and 2018 include: providing additional restroom and locker room facilities to increase the capacity of the facility, and other needed repairs.

Brittingham Park Improvements

#### **Project Description:**

This project provides funding for continued improvements to Brittingham Park. The goal of the project is to provide a facility that meets current needs as well as flexibility to meet ongoing needs for the future. Progress will be measured by Brittingham Boats attendance (current holder of agreement with Madison Parks) and park attendance. The reauthorized appropriations are for parking lot and sidewalk reconstruction. Projects planned for 2021 include upgrading and/or replacing the beach house at Brittingham Park.

Project:	Conservation	Park Improv	ements		Project #:	17124	

# Project Description:

This program provides funding for environmental enhancements to the City's diverse native ecosystems. Projects within this program seek to remove exotic botanical species and implement restoration efforts in wooded and meadow areas of City parkland. The goal of the program is to create natural landscapes and open space that is well maintained and accessible to park visitors. Planned projects for 2017 include: continued land management practices; oak savanna, prairie/wetland restoration, and woodland management in Cherokee Marsh and Owen Conservation Park, including trail and access improvements.

Project:	Disc Golf Imp	rovements		Р	roject #:	17130	

### **Project Description:**

This program provides funding for improvements to the disc golf courses at Hiestand and Elver Parks. The goal of the program is to meet current standards for safety. Progress will be measured by disc golf permit fees and number of complaints received. Projects planned for 2017 include: erosion control, turf and path improvements, tee box improvements, and registration kiosks. Increased funding in 2018 anticipates the construction of a new disc golf course in the system.

**Dog Park Improvements** 

### **Project Description:**

This program provides funding for improvements at dog park facilities, which include 25 on-leash areas, and 8 off-leash dog parks. The goal of the program is to provide safe and maintainable facilities to meet the needs of the city's growing dog owner population. Progress is measured by the number of dog park permits sold. Planned projects for 2017 include improvements to existing dog parks as well as a potential new off leash dog park in the City.

Project:	Emerald Ash Borer Mitigation	Project #:	17148

### **Project Description:**

This program funds the City's Emerald Ash Borer mitigation efforts. The Emerald Ash Borer was first detected in Madison in November of 2013 near Warner Park. Funding will be used for the timely removal and replacement of both street and park trees while ensuring other Forestry services are not adversely impacted. The Emerald Ash Borer Mitigation Program implements the recommendations of the EAB Task Force to proactively remove and replace ash trees throughout the city. Progress will be measured by the number of trees removed and replanted.

Land Acquisition

Project #:

Project #:

17202

17189

### **Project Description:**

This program provides funding for research, appraisals, title work, negotiations, and acquisition of new parkland. All acquisitions will be subject to final approval of the Common Council. The program goal is to pursue opportunities to add additional land to the city's park inventory by expanding existing parks or purchasing land in park deficient areas. Progress will be measured by park acreage per capita. Reauthorized funding is for acquisition costs of a new downtown park.

**Odana Hills Clubhouse Improvements** 

## Project:

### **Project Description:**

This project provides funding for the study and design of a new facility at Odana Hills Golf Course. An initial evaluation by Facilities Management has determined that renovation of the existing facility will not meet current and future use patterns and goals for sustainability. The new facility will be multipurpose: a golf course clubhouse and winter operations facility as well as reservable meeting space. The goal of the project is to improve energy efficiency. Progress will be measured by decreased energy costs. Design is planned for 2021.

Project:	Olbrich Botanical Complex	Project #:	17193

### **Project Description:**

This project provides funding for the first phase of improvements to Olbrich Botanical Complex. The project is jointly funded by GO Borrowing and private donations. The goal of the project is improved facilities to provide more educational classes and programs and improved support facilities. Progress will be measured by the number of programs and classes and attendance. The first phase will include the education wing, greenhouses, and modifying the atrium to create a library and orientation space for visitors.

Park Equipment

#### Project:

### **Project Description:**

This program provides funding for the purchase of new and replacement Parks equipment. Other funding is from the tradein value of the equipment being replaced. The goal of the program is to provide the required equipment to allow staff to adequately maintain a growing number of park and open spaces, athletic fields, ice rinks, and snow removal operations in a timely and responsive manner. Progress will be measured by adherence to park operational maintenance standards.

Park Land Improvements

### **Project Description:**

This program provides funding for improvements to Madison's Community, Neighborhood, and Mini Parks. The goal of this program is to provide safe and accessible recreational amenities across the park system. Progress is measured by number of field reservations, court reservations, and park event attendance. Projects planned for 2017 include: basketball court and tennis court improvements, fencing improvements, field lighting improvements, path and parking lot improvements, landscaping and other projects.

Project:	Parks Facility Improvements	Project #:	17443
Drainat Description.			

### Project Description:

This is an annual program that maintains and improves existing park buildings and facilities. The goal of the program is to maintain facilities that meet the needs of park users as well as adequate facilities for staff to maintain the parks. Progress will be measured by attendance at Mallards Stadium, attendance at WPCRC, and complaints from customers. Projects planned for 2017 include: tuckpointing and other improvements to Gates of Heaven; replacement of the Cherokee Caretaker House; design development for improvements to Goodman Maintenance Facility; and other improvements to existing buildings and infrastructure in the parks system.

### Project:

Park Ridge Neighborhood

Penn Park Improvements

Project #: 17132

Project #:

17178

### **Project Description:**

This project provides funding for the purchase of land and development of a neighborhood park in the Park Ridge Neighborhood. The funding is a reauthorization of Park Impact Fees (\$150,000) from 2016 appropriations.

Playground/Accessibility Improvements

**Project #:** 17436

Project #:

17184

### **Project Description:**

This annual program maintains and improves existing park playgrounds and performs accessibility improvements. The goal of this program is to provide funding to replace and upgrade existing playgrounds to meet NPSI and ASTM standards. Funding is also used to make improvements to ensure recreational amenities are accessible to the extent possible. Progress is being measured by number of playgrounds per capita. This project will provide funding for ongoing improvements to meet current CPSC Public Playground Safety Handbook guidelines. In addition, this funding will be used to continue to improve accessibility in the parks to meet current Americans with Disabilities Act Accessibility Guidelines (ADAAG).

Project:	Street Tree Re	placements	ŝ		Project #:	17182	

### Project Description:

This program provides funding for the replacement of street trees within the City in conjunction with EAB efforts. The goal of the program is to maintain and improve the urban forest tree canopy in the City by providing funding to replace street trees. Progress is being measured by the number of trees planted. The following TIF districts support the program: TID 25 (\$5,000); TID 27 (\$1,000); TID 29 (\$1,000); TID 32 (\$5,000); TID 36 (\$3,000); TID 37 (\$1,000); TID 39 (1,000); TID 41 (\$1,000); TID 42 (\$1,000); TID 43 (\$1,000); TID 44 (\$1,000).

### Project:

**Project Description:** This project provides funding to begin a series of improvements at Vilas Park. The goal of the project is to create a sustainable park that will provide a variety of recreational amenities and protect and enhance natural resources. Progress will be measured by park attendance, number of events scheduled, and number of attendees at events and programs. The funding schedule for the project anticipates lagoon dredging and the reconstruction of a pedestrian bridge in 2017; shelter replacement in 2020; and reconstruction of the roadway and path system in 2022.

Project:	Yahara River Parkway Improvements	Project #:	17195
----------	-----------------------------------	------------	-------

### **Project Description:**

This project funds improvements to the Yahara River Parkway, in accordance with the master plan that was adopted in 2014. The goal of this project is to improve access to the water and improve the historic landscape. Progress will be measured by annual attendance, boat rentals, and number of events held in Burr Jones Park, including athletic field events.
