---

Dear Mr. Chuck Kamp,

As the owners of Red Sage Health, we are requesting an immediate removal of the bus stops on the 1200 block of Williamson Street. We understand that the process of and debate about permanently rerouting Jenifer Street's buses is ongoing. Unfortunately for us and several small businesses on the 1200 block, we don't have the luxury of time to wait for a decision to be made.

While the proposal process is underway, we need the bus stops on our block to be moved to another block or eliminated altogether immediately. Profits are down for nearly every business on the 1200 block, including ours. Several businesses are under threat of closing by Christmas if the buses do not soon move from our block. We have many concerns about putting Willy Street on the bus route, but in the meantime the temporary stops on the 1200 block are on track to put beloved neighboring shops out of business and have begun to send our clinic in the same direction. Our numbers are much lower than average, and we are losing long-time clients due to the prohibitive parking situation and noise resulting from the stop outside our door.

Please remove the bus stops from the 1200 block of Willy as soon as possible; the survival of many businesses depends on it. We look forward to continuing the discussions about the greater picture in the near future. This particular request, however, cannot wait.

Sincerely,

Laurel Redmon

John Thuesen
