September 19th, 2016

Dear Plan Commission Members:

The Marquette Neighborhood Association Board has not yet had a chance to examine the proposal for State Line Distillery, LLC located at 1413 Northern Ct.

However, our Preservation and Development Committee had made a recommendation to the Board to approve this project at its August 9th 2016 meeting upon condition of a 10:00pm closing time for the tasting room (capacity of 50) and a favorable meeting with adjacent neighbors.

After an explanation of the mash and distilling process, the prime concerns about potential odors were settled. Nobody spoke against the project at that meeting, and comparisons were made to the relative impact of Old Sugar Distillery on E Main St.

Sincerely,
Jesse Pycha-Holst

Preservation and Development Chair
Marquette Neighborhood Association
