To whom it may concern, regarding the license of the liquor store,

This is a photo of our two yr old, who could this bottle of liquor in our yard. This isn't the first time we've had litter from the liquor store in our yard....we pick up bottles daily. I'm just glad she didn't pick up one that was broken. I'm afraid for my children and sad that this is the neighborhood we live in. Please consider this photo when decided to or not to reissue a liquor license to the new owner.

Thanks for your time,
Annette Shesman
