

**INTERGOVERNMENTAL AGREEMENT RELATING TO THE ACQUISITION OF
THE TOWN OF MIDDLETON SANITARY DISTRICT #5**

Between the City of Madison, the Town of Middleton and the
Town of Middleton Sanitary District #5

THIS AGREEMENT, entered into by and between the City of Madison, a municipal corporation (hereinafter referred to as “Madison”), the Town of Middleton, a municipal corporation (hereinafter referred to as “Middleton”) and the Town of Middleton Sanitary District #5, a town sanitary district (hereinafter referred to as the “District”), is effective as of the date by which all parties have signed hereunder.

WITNESSETH:

WHEREAS, section 66.0301, Wisconsin Statutes, authorizes Madison, Middleton and the District (the “Parties”) to contract for the joint exercise of their powers and duties; and,

WHEREAS, the District was established in 1974 to provide Middleton properties lying in the Gammon Road, Seybold Road and Watts Road area of Middleton with sanitary sewer service; and,

WHEREAS, under the Final City of Madison and Town of Middleton Cooperative Plan (“the Plan”), approved on December 11, 2003 pursuant to Wis. Stat. §66.0307, those Middleton lands constituting the District remaining in Middleton will be attached to Madison no later than February 3, 2042, at which point Madison will assume all the property of the District, along with its assets and liabilities, and the District will be dissolved pursuant to Wis. Stat. §60.79(1); and,

WHEREAS, over time, properties within the District have been annexed or attached to Madison and it has recently been recognized and acknowledged by the Parties that some Madison sewers and properties discharge to and through portions of the District’s sewers, such that some Madison properties are reliant upon portions of the District sewer system; and,

WHEREAS, under the terms of the Plan, as properties within the District develop, they may be required to attach to Madison if City sewer and water are available, which, over time, will reduce the District’s customer base; and,

WHEREAS, under Wis. Stat. §60.79(2)(c) and (d), because territory constituting less than the entire District has been annexed or attached to Madison and the territory remains served by District’s sewerage system, Madison and the District are authorized to enter into an intergovernmental agreement under Wis. Stat. §66.0301 to divide the assets and liabilities of the District and determine the ownership and operation of the sewerage system; and,

WHEREAS, the District has found that it is in the best interests of its customers to transfer its sewer plant and operations to Madison so that Madison can begin handling the immediate, intermediate and long-term maintenance, repairs and improvements to the sewer system, along with ensuring regulatory compliance, needed to adequately and efficiently serve the District’s customers; and,

WHEREAS, Madison is well equipped to maintain and / or repair the entire sewer system as needed on an emergency basis, day-to-day basis, and year-to-year basis and is better positioned to handle any major repairs or emergencies along with regulatory compliance; and,

WHEREAS, the Madison Sewer Utility has found that the District's sanitary sewer improvements are in adequate condition, with any exceptions noted herein, and that assumption of the related assets and liabilities of the District, including all sanitary sewer plant, and providing sanitary sewer service to the properties in the District is in the best interests of Madison, which finding the Madison Common Council has confirmed, as required under Madison General Ordinances Sec. 35.02(4)(b); and,

WHEREAS, Middleton concurs that it is in the best interests of the Middleton property owners in the District to transfer the District's sanitary sewer system from the District to Madison at this time.

NOW, THEREFORE, in consideration of the mutual covenants contained herein and other good and valuable consideration, the receipt and sufficiency of which are hereby mutually acknowledged, the Parties agree as follows:

1. Purpose. The purpose of this "Intergovernmental Agreement Relating to the Acquisition of the Town of Middleton Sanitary District #5" (the "Agreement") is to set forth the terms and conditions upon which Madison will agree to assume all assets, liabilities, and obligations of the District and add the District's territory to Madison's sanitary sewer service areas. The following exhibits are attached hereto, and incorporated herein:
 - Exhibit 1: A map of the District's sanitary sewer system.
 - Exhibit 2: A list of the District's sanitary sewer property and plant being transferred to Madison by this Agreement.
 - Exhibit 3: A list of the District's customers and current billing schedule.
 - Exhibit 4: A map showing Madison's existing water supply in the District area.
2. Representations. Madison acknowledges and agrees that it has had a sufficient opportunity to review and assess the condition of all of the District's sanitary sewer facilities. Madison accepts all of the District's sanitary sewer facilities as is and acknowledges the maintenance work needed as noted in Section 7.a below. Middleton and/or the District will provide Madison with all mapping, real estate and facility records in its possession that Madison does not already possess, as required by Madison for incorporation of the District's operations into Madison's sanitary sewer service area, and Madison represents that, by entering into this Agreement, it has accepted such records and any defects noted therein. The District represents that, to the best of its knowledge, it has good title to all of such assets and real property interests and that none of the assets or real property interests of the District are subject to any mortgage, lien, security interest, or other encumbrance. Middleton further represents that, to the

best of its knowledge, it has disclosed all District assets and liabilities known to Middleton, including any potential assets or liabilities that may be known to Middleton.

3. Transfer of Assets, Liabilities and Service. On July 1, 2017, or as soon thereafter as this Agreement becomes effective and the parties mutually agree on a new date, all assets and known liabilities associated with the District shall be conveyed by the District and accepted by Madison, and Madison shall assume ownership and operation of the District's sanitary sewer system (the "Transfer"). To the extent necessary, the District and/or Middleton, will agree to timely execute any deeds or bills of sale to transfer any such assets or property rights to Madison. If any District assets or liabilities become known to the Parties after the execution of this Agreement, the Parties shall agree to enter into discussions regarding these assets or liabilities and seek to reach a mutually agreeable resolution to the disposition of said currently unknown assets or liabilities. The District's existing sanitary sewer system is shown on Exhibit 1 and the District's sanitary sewer property and plant being transferred to Madison by this Agreement are detailed on Exhibit 2.
4. Dissolution of the District. Following the Transfer and the assumption of ownership and operation of the District's sanitary sewer system, Madison will adopt a resolution to discontinue the operation of the sanitary sewer system by the commission under Wis. Stat. §60.79(4)(a). It is the intent and understanding of the Parties that this action will dissolve the District. However, if that is found not to be the case, the Parties agree that, if sufficient District property owners petition Middleton, Middleton itself could pursue dissolution the District under Wis. Stat. §60.785(3). Alternatively, the Parties agree that the District could continue in existence until such time as all of the District territory has been fully attached to Madison, at which point it is automatically dissolved under Wis. Stat. §60.79(1)(a), which will occur no later than February 3, 2042 under the Plan.
5. Final Accounting; Customer Rebate. Prior to making a final accounting of the District's cash account, the District shall pay the second quarter Madison Metropolitan Sewerage District ("MMSD") service charges and all other District obligations that have been incurred prior to the Transfer. The District shall also calculate its customers billing for the period 1/1/2017 thru 6/30/2017. After final accounting thru the end of the second quarter and payment of the MMSD service charges, the District's remaining cash balance shall be handled as follows:
 - a. The District shall transfer the first \$40,000 (\$0-\$40,000) to the City to perform the necessary repair work identified in Section 7.a.
 - b. For any amount over \$40,000, the District shall calculate a rebate for its customers based upon the District's billing schedule.

Once the customer rebate amounts are determined under this section, they shall be applied against the interim billing amount and any other amounts due on a customer account. If the rebate exceeds the amounts due, the District may either issue rebate payments to its customers, or transfer the cash balance attributable to the refunds to Madison, who shall credit each customer's Madison sewer utility accounts accordingly.

If the rebate is insufficient to cover the amounts due on an account, the District shall report this amount to Madison, who shall enter a corresponding charge on these customer's Madison sewer utility account.

A list of the District's customers and billing schedule at the time of this Agreement is attached hereto as Exhibit 3.

6. Consideration. In recognition that, upon the Transfer, Madison will be taking on all assets and liabilities of the District and will be assuming responsibility over providing District properties with sanitary sewer services, the District will be dedicating its property to Madison without any monetary or financial consideration by Madison.
7. Maintenance and Operations, Required Work.
 - a. Necessary Repair Work. Madison has determined that, as a condition of taking over the District, certain interim improvements and repairs to the sewer mains are required, specifically that portions of sewer main shall be repaired by either a "point repair" (open cut) method or a "lining" method (short liner). The estimated cost to perform these repairs is approximately \$60,000. Madison shall assume that portion of these costs not covered by the \$40,000 the District will dedicate to Madison as provided in Section 5.a of this Agreement.
 - b. Future Maintenance and Operations. Upon the Transfer, Madison shall assume ownership and all responsibility for maintenance and operation of the District's sanitary sewer system, including all locating required in accordance with Digger's hotline requests. Madison's responsibility for maintenance and operation shall also include compliance with any and all applicable State requirements including but not limited to, the requirements of the Capacity, Management, Operation and Maintenance Program and the Compliance Maintenance Annual Report.
 - c. Main Repair. Madison may periodically and systematically schedule replacement of sewer mains within Middleton in the same manner it schedules main replacement within Madison.
 - d. Street Occupancy and Permits. Middleton acknowledges that Madison's sewer maintenance equipment may occupy the Middleton right-of-way within the former District service territory from time-to-time for routine maintenance and that no permit or permission is required to perform this routine maintenance as long as such occupancy does not exceed 30 days. Madison shall provide Middleton with written notice at least 30 days prior to any extended right-of-way occupancy. Madison shall obtain a permit from Middleton anytime it needs to excavate within the Middleton right-of-way. Middleton's approval of the permit shall not be unreasonably withheld and any permit conditions shall be consistent with permit conditions typically issued in Middleton. Middleton agrees to work with Madison in scheduling the repairs.
8. Future Coordination Between Madison and Middleton. Madison and Middleton shall discuss future utility projects and operations within the former District territory in

Middleton. In the event that any of Middleton's right-of-ways within the District territory are to be reconstructed, Madison and Middleton will discuss the project and coordinate efforts or jointly participate in the project if mutually agreeable.

9. Future Attachments to Madison on Seybold Road. If Madison extends its current water mains on Seybold Road, Madison agrees that it will not exercise its authority under Section 13.02(d) of the Plan to attach any property on Seybold Road that has developed subsequent to March 28, 2002, to the City without the consent of the owner. While no such main extensions are currently planned, Madison agrees to discuss any such water main extensions on Seybold Road with Middleton prior to beginning work on such extensions. Madison's existing water mains within the District's territory at the time of this Agreement are shown on Exhibit 4.
10. Service Connections and Billing. Following the Transfer, Madison agrees to provide sanitary sewer service to Middleton properties within the District's territory. All of the Middleton parcels within the District's territory shall become customers of the Madison Sewer Utility, and shall be billed for utility service by Madison beginning on July 1, 2017. Middleton customers shall pay the same rates and receive the same level of service as other Madison customers. Middleton customers will be initially charged the flat rate for un-metered customers using the connection data supplied by the District. Following Transfer, customers may elect to have a meter installed to measure flow. To the extent authorized by applicable laws, Middleton shall levy as a tax upon any parcels within Middleton any delinquent Madison utility bills and penalties for collection pursuant to Wis. Stat. §66.0809, and shall pay all such revenues collected directly to the Madison Sewer Utility.
11. Special Assessments or Special Costs. If Madison determines that it needs to impose sanitary sewer related special assessments or special charges on Middleton parcels within the former District's service territory, then, pursuant to Wis. Stat. §66.0707, Middleton agrees to timely consider a resolution approving the special assessments or charges, which approval shall not be unreasonably withheld. Special assessments and charges under this provision shall be apportioned to and collected from Middleton properties in the same manner as properties in Madison, and shall not in any respect discriminate against Middleton properties. Madison acknowledges there are no assessments contemplated at this time.
12. Termination. This Agreement shall last until all Middleton properties making up the District are attached to Madison, unless otherwise mutually terminated or amended upon the written agreement of the Parties.
13. Liability. Each party shall be responsible for the consequences of its own acts, errors, or omissions and those of its employees, officers, officials, agents, boards, committees, commissions, agencies, and representatives and shall be responsible for any losses, claims, and liabilities which are attributable to such acts, errors, or omissions, including providing its own defense. In situations including joint liability, each party shall be responsible for the consequences of its own acts, errors, or omissions and those of its employees, officers, officials, agents, boards, commissions, committees, agencies, and

representatives. It is not the intent of the parties to waive any statutory protections or impose liability beyond that imposed by state statutes.

14. Nondiscrimination. In the performance of the services under this Agreement, the Parties agree not to discriminate against any employee or applicant for employment because of race, religion, marital status, age, color, sex, handicap, national origin or ancestry, income level or source of income, arrest record or conviction record, less than honorable discharge, physical appearance, sexual orientation, gender identity, political beliefs or student status. The Parties further agrees not to discriminate against any subcontractor or person who offers to subcontract on this Agreement because of race, religion, color, age, disability, sex, sexual orientation, gender identity or national origin.
15. Notice. Any notice or offer or demand required to be sent hereunder shall be sent by United States mail at the Parties' respective addresses set forth below. Each notice shall be deemed to have been received on the date of postmark, if sent by certified mail, postage prepaid, addressed to:

<u>Name</u>	<u>Address</u>
City of Madison	City Engineer 210 MLK Jr. Blvd., Room 115 Madison, WI 53703
Town of Middleton	Administrator / Clerk-Treasurer 7555 W. Old Sauk Rd. Verona, WI 53593
Town of Middleton Sanitary District #5	Administrator / Clerk-Treasurer 7555 W. Old Sauk Rd. Verona, WI 53593

16. Construction. The Parties acknowledge that this Agreement is the product of negotiations between the Parties and that, prior to the execution hereof, each Party has had full and adequate opportunity to have this Agreement reviewed by, and to obtain the advice of, its own legal counsel with respect hereto. Nothing in this Agreement shall be construed more strictly for or against, any Party because that Party's attorney drafted this Agreement or any part hereof.
17. Severability. In the event that any portion of this Agreement is invalidated or held unenforceable by a court of competent jurisdiction, the other provisions of this Agreement will remain in full force and effect. Any provision of this Agreement held invalid or unenforceable only in part or degree will remain in full force and effect to the extent not held invalid or unenforceable.

18. Amendment. This Agreement may only be amended upon the written agreement of the Parties, except that after the dissolution of the District, this Agreement may be amended by the agreement of only Madison and Middleton.
19. Law. This Agreement shall be governed by, construed, interpreted, and enforced in accordance with the laws of the State of Wisconsin. This Agreement is intended to provide the Parties with the right and standing to seek any available legal or equitable remedy to enforce or seek damages for the breach of this Agreement.
20. Final Agreement. This Agreement constitutes the entire agreement of the Parties with respect to the subject matter contained herein and supersedes all prior negotiations, representations or agreements, either written or oral dealing with this subject matter. The recitals in this Agreement are incorporated herein as part of the final agreement.
21. Miscellaneous.
 - a. This Agreement may be executed in one or more counterparts, each of which shall be deemed an original, and all of which taken together shall constitute one and the same Agreement.
 - b. All addenda and exhibits attached to this Agreement shall be considered part of this Agreement and the terms and conditions in such addenda and exhibits shall be binding upon all parties.
 - c. This Agreement is intended to benefit the parties hereto and their respective officials and shall not be construed to create any right or benefit on behalf of any person, firm, corporation or other entity not a party hereto.

IN WITNESS WHEREOF, the Parties hereto have caused this Agreement to be executed by their proper officers on the day and year first above written.
