

City	Est. Pop.	Walk Score	Regional?	Which agencies or leadership staff are under the director or provide related services?	Transit Score	Bike Score	
Newark, NJ	280,579 (2014)	78	R	Within the Department of Engineering, there is a the Division of Traffic and Signals and the Division of Motors. Light rail system in Newark is part of the larger New Jersey Transit system. The New Jersey Transportation Planning Authority (NJTPA) is the federally authorized Metropolitan Planning Organization for the 13-county northern New Jersey region. Each year, we oversee over \$2 billion in transportation improvement projects and provide a forum for interagency cooperation and public input.	65	51	
Miami, FL	430,332 (2014)	76	R	Transit is managed by the Miami Dade Transit Authority. According to the MiamiDade website "In 1960, the County Commission passed an ordinance to create the Metropolitan Transit Authority (MTA) and is now known simply as Miami-Dade Transit (MDT). Today's MDT has a viable four-mode system Metrobus, Metrorail, Metromover, and Paratransit (STS)-used by nearly 300,000 passengers daily." See also Miami Beach.	59	60	
Arlington, VA	226,908 (2014)	67	R	The Director of the Division of Transportation manages Arlington County's transportation system. The Transportation Commission of the County oversees the Division. Arlington's local bus system is called Arlington Transit. The County is also served by regional transit systems, including Metro, VRE, PRTC, DASH, Fairfax Connector, and Loudoun Transit.	58	71	
Minneapolis, MN	407,207 (2014)	65	R	Transportation Planning and Engineering housed within Minneapolis Public Works Department provide planning, programming and project management of capital projects, right-of-way management and special assessments. Transit services (bus and light rail) are provided by Metro Transit - which is an operating division of the Metropolitan Council. The Metropolitan Council is a regional government structure with taxing authority over 8 counties. This structure is unique in the United States.	58	81	
Pittsburgh, PA	305,412 (2014)	60	R	Local public transportation is coordinated by the Port Authority of Allegheny County, or "PAT," the 14th-largest urban mass transit system in the United States. The system services 730 square miles (1,900 km2), including all of Allegheny county and portions of Armstrong, Beaver, Washington, and Westmoreland counties. PAT maintains a network of intraCity bus routes, two inclines on Mt. Washington above Downtown (mostly a tourist attraction rather than a means of commuting), and a light rail/busway system. PAT discontinued its commuter rail system, the PATTrain, in 1989. There is a Parking Authority and Public Works Department underneath the City auspices. Other regional planning is governed by the Southwestern Pennsylvania Commission which covers a 10 county area including Pittsburgh.	54	40	
Miami Beach, FL	91,732 (2014)	71	R	The Miami Beach Transportation Department includes trolley and transit management as well as traffic operations and engineering. Regionally, Miami-Dade Transit operates a four-mode system including Metrobus, Metrorail, Metromover, and Paratransit. See also Miami.	53		
Yonkers, NY	200,667 (2014)	71	R	Relevant divisions include Traffic Engineering (under the City Engineer). In addition, there is also a Parking Violations Bureau. Buses are run by county of Weschester (private) and trains are run by Amtrak.	53		
Portland, OR	619,360 (2014)	63	R	Assistant Director, City Traffic Engineer, Maintenance Operations Group Manager, Development Permitting and Transit Group Manager, Executive Director of Finance and Business Operations, Policy, Planning and Projects Group Manager, Engineering Group Manager	51	72	
Buffalo, NY	258,703 (2014)	65	R	There is a Parking Department and a separate regional transportation authority. The Niagara Frontier Transportation Authority employs 1,500 to serve Buffalo Niagara including bus, rail, boat and airport services.	50	54	
White Plains, NY	58,035 (2014)	64	R	The City of White Plains Department of Parking and Traffic manages municipal parking service and traffic lights and signals. Buses led by Westchester County - for all County municipalities. Connects to NYC by train (metro north at Grand Central Station). Buses and train use the same metrocard as NYC.	50		
Milwaukee County, WI	956,406 (2014)	59	R	Milwaukee County Department of Transportation encompasses an Airport, Fleet Management, Highways, Transit/Paratransit, and a Traffic Safety Commission.	49		
Boulder County, CO	313,333 (2014)	56		The Transportation Division's functions include transportation planning and operations (including GO Boulder, traffic engineering and safety), project management, transportation maintenance and Boulder Municipal Airport operations. The Transportation Advisory Board (TAB) advises City Council, Planning Board and City staff on community transportation issues. The board also: 1) reviews transportation community and environmental assessment processes (CEAPs); 2) reviews plans for capital improvements; 3) reviews and recommends updates to the Transportation Master Plan; and 4) works with neighborhood groups, residents and staff on traffic mitigation issues.	48	86	
Ann Arbor, MI	117,770 (2014)	49		The Ann Arbor Area Transportation Authority (TheRide), a not-for-profit unit of government, operates the local public transit system for the greater Ann Arbor-Ypsilanti area. The Engineering Department is responsible for designing and constructing utility, roadway, and sidewalk projects; coordinating and inspecting the utility and public roadway with work of developers; and optimizing traffic flow through the City.	47	74	
Champaign, IL	84,513 (2014)	47		The Public Works Department's seeks to develop and maintain the City's infrastructure, buildings, grounds and vehicular equipment, and provide specialized community services, such as tree care, recycling service, and parking management. The Planning and Development Department released a Champaign Tomorrow Comprehensive City plan in 2011 which, in part, encourages new development projects to encourage walking, cycling, and transit.	47		
St. Louis, MO	317,419 (2014)	60	R	The Street Department manages issues related to streets, refuse, traffic and towing. The East-West Gateway Metropolitan Planning Organization plans the system's vast public transportation infrastructure, including light rail. Metro Transit operates a regional light rail and bus system and is governed by a commission of 10 members (5 from IL and 5 from MO).	45	57	
Cincinnati, OH	298,165 (2014)	50	R	The Department of Transportation and Engineering includes 4 major sectors: Transportation Planning and Urban Design, Engineering, Aviation and Traffic Engineering. The Southwest Ohio Regional Transit Authority (SORTA) is a tax-supported, independent political subdivision of the State of Ohio and is a government entity. SORTA operates Metro fixed-route bus service and Access paratransit service for people whose disabilities prevent their riding Metro buses.	43	37	
Fort Lauderdale, FL	176,013 (2014)	54		The Department encompasses the Executive Airport, Transportation, and Parking Services Divisions and the Performing Arts Center Garage. These functions, previously performed by five other City departments, were brought together to implement the City's vision of providing coordinated transportation planning and engineering; utilize Complete Streets principles to enable safe access for all users, including pedestrians, bicyclists, motorists and transit riders; encourage sustainable practices in project design and construction; and enhance the City's aviation, multi-modes of transportation, and parking infrastructure through a comprehensive capital improvement program.	39	54	
Madison, WI	245,691 (2014)	47		Under the direction of the Transit Manager, Madison Metro Transit operates bus and paratransit services for Madison. Metro Transit also provides bus and paratransit services for some nearby municipalities, the University of Wisconsin-Madison, Madison Area Technical College, and the Madison Metropolitan School District on a contractual basis. In 2014, Metro Transit recorded more than 15 million rides. Traffic Engineering is responsible for "motor vehicle, bicycle and pedestrian traffic as well as planning new transportation infrastructure improvements." The Director of Traffic Engineering also oversees the Parking Utility which manages all public parking lots and the residential permit program. The Transit and Parking Commission, the Long Range Transportation Planning Committee and other city committees provide transportation policy recommendations to Madison Metro Transit, the Department of Traffic Engineering, and the Common Council. The Madison Area Transportation Planning Board is designated under federal law as Metropolitan Planning Organization (MPO) for the Madison Urbanized Area. The MPO is responsible for undertaking a comprehensive, cooperative, and continuing transportation planning and decision making program for the Madison Metropolitan Planning Area.	38	73	
Charlottesville, VA	45,593 (2014)	57	R	Charlottesville Area Transit (CAT) provides bus service to the greater Charlottesville area. Jaunt is a regional bus and paratransit network covering 5 counties. Charlottesville also has an MPO, the Thomas Jefferson Planning District Commission.	37		
Austin, TX	912,791 (2014)	35		The director oversees the department's services to Austin residents, including Transportation Management (signs and marking, signals, engineering), Transportation Planning and Coordination, parking, special events and right of way management. The Department was established in 2008.	34	52	
Glendale, AZ	237,517 (2014)	33		Glendale Transportation Department is responsible for providing safe and efficient traffic flow on city streets, which includes vehicular, pedestrian and bicycle traffic, we also ensure there is sufficient street lighting and administer transit and Dial-A-Ride services and provide transportation planning.	29	51
