

Letter of Intent

Date: September 20, 2017

Project: Ken Saiki Design
Location: 1110 South Park Street Madison, WI
Owner: 1112 South Park, LLC

This submittal is to request to renovation to the exterior of the existing building located at 1110 South Park Street. The proposed work is to update and refresh the front façade to enhance the visual and pedestrian character of the street. We propose removing the arched canvas canopy and recent roof overhang addition and replacing the two structures with a single hard canopy. While respecting the original 1950's design, the hard canopy would shelter the proposed new front door and windows and produce a strong linear anchor. The stone planter would become a stronger focal point and create a more comfortable pedestrian scale and character. These improvements will make the building more attractive and inviting and add to the neighborhood's character.

Regards,

Jeremy Cynkar

Urban Design Commission Approval Process

INTRODUCTION

The City of Madison's Urban Design Commission (UDC) has been created to:

- Encourage and promote high quality in the design of new buildings, developments, remodeling, and additions so as to maintain and improve the established standards of property values within the City.
- Foster civic pride in the beauty and nobler assets of the City, and in all other ways possible assure a functionally efficient and visually attractive City in the future.

TYPES OF APPROVALS

Informational Presentation. Applicants may, at their discretion, request to make an Informational Presentation to the UDC prior to seeking any approvals to obtain early feedback and direction before undertaking detailed design. Applicants should provide details on the context of the site, design concept, site and building plans, and other relevant information to help the UDC understand the proposal and provide feedback.

Initial Approval. Applicants may, at their discretion, request initial approval of a proposal by presenting preliminary design information.

Final Approval. Applicants may request final approval of a proposal by presenting all final project details. Recommendations or concerns expressed by the UDC in the initial approval must be addressed at this time.

PRESENTATIONS TO THE COMMISSION

When presenting projects to the UDC, applicants must fill out a registration slip provided in the meeting room and present it to the Secretary. The applicant is encouraged to consider the use of various graphic presentation material including a locator map, photographs, renderings/model, scale drawings of the proposal in context with adjacent buildings/uses/signs, etc., as may be deemed appropriate to describe the project and its surroundings. Graphics should be mounted on rigid boards so that they may be easily displayed.

Primarily, the UDC is interested in the appearance and design quality of projects. Emphasis should be given to the site plan, landscape plan, lighting plan, building elevations, exterior building materials, color scheme, and graphics.

Presentations should generally be limited to 5 minutes or as extended by motion by consent of the Commission. The Commission will withhold questions until the end of the presentation.
