## Resident Panels

Call for Community Partners  
Resident Panels  
City commits funding to engage underrepresented residents in Comprehensive Plan Update

Summary

Imagine Madison. For many Madison is a great city, but if you could imagine a better Madison for yourself, your family, or your business, what would that look like? What are your hopes for the kind of place Madison will be for residents in the future?

Madison is changing in many ways, and it's important for all Madisonians to join in conversation about the future of our community. The City Planning Director will lead an effort called Imagine Madison to better understand what is important to all segments of our population. Imagine Madison will help us update the City's Comprehensive Plan - a document that will express issues the community is experiencing, or may experience in the next 10-20 years, in areas such as housing, transportation, economic development, and other aspects impacting everyday life in Madison (see Attachment A).

To help ensure that all Madison residents are heard in this process, the City is looking to partner with and fund community-based organizations that are connected to communities who are often underrepresented in discussions about the city's future (such as African-American, Latino, Housing, older adults, and lower income residents). With the help of these Community Partners, the City hopes to deepen and broaden engagement with such communities and improve on past efforts to ensure everyone is included in the conversation. To accomplish this, we are trying something new - Resident Panels - to assure more voices are heard.

Please consider participating in this unique opportunity. It's easy to be considered - simply fill out the short Letter of Interest (LOI) form found at the end of this document (Attachment B) and submit it to the City of Madison Planning Division by noon on November 23, 2016.

Want to learn more? Attend the informational meeting on Thursday, November 10 from 11:00-noon. This optional meeting will be held at the Madison Municipal Building (213 Market Letter King, 3rd Fl., Room 240. You can also contact Kristin Lattin by phone (608.241.0475) or email (klattin@imaginemadison.org@imagine.com).

Resident Panels Overview

What is a Resident Panel? A Resident Panel is a group of 10-15 people who are representative of a particular segment of Madison's population. The expectation is that this same group of people will meet a minimum of three (3) times at key points in the Imagine Madison process to add their voices to the community conversation. Resident Panel meetings will include in-depth discussions about various issues such as transportation, housing, arts and open space, economic development and other topics to be addressed in the Comprehensive Plan Update.

How will Resident Panels be Formed? The City expects to partner with community organizations or coalitions with strong connections to particular underrepresented groups. These partners would be responsible for recruiting and selecting the individuals to serve on their respective Resident Panels.
