To: Property Owners along Schenk Street and Richard Street

Re: Proposed Street Resurfacing Project & Public Hearing

The City of Madison is proposing to resurface Schenk Street and Richard Street in 2018. Enclosed with this letter is a fact sheet with some details on the proposed project, which includes a map of the proposed project limits. Also enclosed is a notification for the Public Hearing before the Board of Public Works. The date, time and location of the public hearing can be found on the notification.

This project will involve special assessments to the owners of property adjacent to the project. The property owners will be assessed for various items included with this proposed project, and the costs of some of those items are assessed entirely to the owner. A table detailing the City's standard assessment policy for the items of work is included on the fact sheet.

Also enclosed is a Schedule of Assessments, which shows the estimated costs for each property adjacent to the project. After the work is complete, a final assessment will be calculated based on bid prices and work actually performed. The final assessment, which will be billed after the completion of the project, is payable in one lump sum or over a period of 8 years, with 3% interest charged on the unpaid balance.

To request accommodations for special needs or disabilities or if you have any other questions regarding this project, please contact the Project Engineer. This includes requests relating to the Public Hearing and requests relating to the actual operations of construction. A list of contacts for this project can be found on the enclosed fact sheet.

Sincerely,

Robert F. Phillips, P.E.
City Engineer

**NOTICE OF PUBLIC HEARING
BEFORE THE BOARD OF PUBLIC WORKS
FOR
PLANS, SPECIFICATIONS, AND SPECIAL ASSESSMENTS
FOR
PUBLIC WORKS IMPROVEMENTS
MADISON, WISCONSIN**

PART I

The Common Council of the City of Madison, Wisconsin, having heretofore decided that it is expedient and necessary that the improvements as listed in Part II hereof be improved at the expense of the property thereby on which would be conferred some special benefit.

NOW, THEREFORE, NOTICE IS HEREBY GIVEN:

That the City Engineer has prepared plans, specifications, a proposed schedule of assessments, and an estimate of the entire costs of the improvement for each of the districts listed in Part II hereof, and;

That the plans, specifications, a proposed schedule of assessments, and an estimate of the entire cost of the improvements listed hereto are available and open to inspection by all interested persons in the office of the City Engineer, Room 115, City-County Building, 210 Martin Luther King Jr. Blvd., between the hours of 7:30 a.m. and 4:00 p.m., Monday through Friday, and will so continue to be for ten (10) working days from the first published date of this notice, and;

That on **WEDNESDAY, FEBRUARY 7, 2018 AT 5:30 P.M.**, the Board of Public Works will hold a public hearing in **ROOM 108 (PARKS CONFERENCE ROOM) OF THE CITY COUNTY BUILDING** and will consider any objections that may be filed in writing or in person and hear all persons desiring to be heard, and;

That special assessments may be paid over an eight (8) year period, with the owner paying 1/8 of the principal each year plus three (3%) percent interest on the unpaid balance, as determined by the Board of Public Works.

That if the total assessment is paid in full before October 31st in the year that the billing is made, irrespective of project completion, then no interest shall be charged.

If you require an interpreter, materials in alternate formats, or other accommodations to access this public hearing, please contact the Engineering Division at phone (608) 266-4751 or email us at engineering@cityofmadison.com. Please make contact at least 24 hours prior to the date of this public hearing so that we can make proper accommodations.

EMERSON STREET AND LOWELL STREET RECONSTRUCTION ASSESSMENT DISTRICT - 2018

By Order of the Board of Public Works
Madison, Wisconsin

PUB: WSJ **JANUARY 26, 2018**

Fact and Details Sheet

Proposed 2018 Schenk Street and Richard Street Utility Replacement with Resurfacing Project

Project Details – Proposed Work

Sanitary Sewer: The City will replace existing mains (1954), and in most cases replace laterals from the main to the property line. In limited cases: where the existing lateral is cast iron, appears to be in good condition upon inspection, and runs under a tree the lateral will only be replaced to the back of curb. In those cases, the resident will not be assessed for the additional footage of replacement that is not completed. If you would like a full lateral replacement to the property line in cases such as this please, contact the Sanitary Sewer Contact listed at right.

Water Main: Replace the existing water main (installed in 1952-54) and reconnect services to the new main.

Storm Sewer: Install new storm sewer. Connections of private storm sewer will be completed per City standards (*assessable*).

Street: Replace the pavement and replace the existing curb, driveway aprons, and sidewalk (*assessable*) as needed.

Trees: The trees within the project limits that will remain will be pruned by City Forestry prior to the start of construction.

City Forestry has identified the trees listed below as those to be removed as part of the project:

41 Schenk St. (22" Norway Maple)
53 Schenk St. (21" Norway Maple)
105 Schenk St. (14" Norway Maple)
229 Schenk St. (19" Sugar Maple)
230 Schenk St. (19" Norway Maple, 8" Green Ash, 8" Green Ash, 13" Linden)
154 Bradford Ln. (22" Norway Maple and 30" stump removal)
3518 Richard St. (39" Silver Maple)
3614 Richard St. (16" stump remove)

Construction Schedule & Impacts

Tentative Schedule: 4-5 months contract length (summer of 2018).

Traffic Impacts: Streets will be closed to through traffic within the project limits. Access will be maintained to driveway unless work is directly in front of driveway.

Parking on the street will be allowed from 7:00pm to 7:00am during the weekday.

Water Shut-offs: An average of two water shut-offs are expected for each property within the project limits, and the timing of these shut-offs will be coordinated as much as possible. A minimum of 48 hours of notice will be provided prior to the shut-offs. Each shut-off may last up to 8 hours, but typically last about 4 hours.

At the start of construction, the existing main will remain in service until the new main is installed and connected to; emergency shut-offs may occur if the old, brittle main is damaged during construction.

Refuse Collection: It will be the contractor's responsibility to allow for refuse collection during construction. Please mark your address on your cart to make sure it is returned if moved. Please contact private collection companies to inform them of the project.

Assessment Policy Breakdown

Item	City Share	Owner Share
Conc. curb, sidewalk, aprons	50%	50%
Sanitary Laterals	75%	25%
Pedestrian Lights	0%	100%
Private Storm Connection	0%	100%
Asphalt Pavement	100%	0%
Sanitary & Storm Mains	100%	0%
Water Main	100%	0%
Street Area Lights & Signals	100%	0%
Sidewalk Ramps	100%	0%

Supplemental Forestry Info

Tree pruning in advance of the project is required to reduce the risk of damage to the trees during construction. The City of Madison Forestry Section will perform the necessary work. For certain species, especially oak and elm trees, the pruning must be completed by April 1st to reduce the chance of disease. If additional trees need to be removed, City Forestry or City Engineering will notify the adjacent property owner prior to removal.

All ash street trees within the project limits have been or will be evaluated for potential chemical treatment for Emerald Ash Borer (EAB). Ash trees with trunks measuring less than 10" in diameter at 4.5 ft (DBH) from the ground, ash located under high voltage electric distribution lines, and ash that are structurally compromised or in poor condition will not be treated as outlined the City's EAB Plan. Ash trees that do not meet the treatment criteria will be removed prior to construction, and will be removed regardless of the construction project schedule. Including ash removals as part of the project will allow for a faster replacement timeframe. For more information about EAB and the City of Madison EAB response plan, please see: <http://www.cityofmadison.com/parks/services/forestry/pests/EAB/index.cfm>.

Street trees provide many benefits to our city and are considered an important part of the city's infrastructure. Forestry Section staff will evaluate the terrace for new planting sites and potential replacement sites when the project is complete. There is no additional cost to the adjacent property owner for a tree planting. Street trees are typically planted in the spring of the year following the completion of the construction project. Per Madison General Ordinance 10.10, City Forestry determines tree species and planting locations. Residents cannot choose or plant their own tree in the terrace.

For any questions regarding street tree maintenance or planting, please contact Marla Eddy at 266-4550.
