---

Hi Jim,

My name is Elayne and a resident of the Marquette neighborhood. Last night, I attended a neighborhood meeting about the proposed Arcade Bar I/O opening up in the community. Since I will not be able to attend the ALRC meeting this coming Wednesday, I wanted to email and voice my support.

I think Willy Street would benefit greatly from a place that focuses on gaming and inclusivity. I would love to see this project happen both as a community member and as a future frequent customer of this business.

Thank you,

Elayne Juten
