June 8, 2018

The next Plan Commission work session related to review of the Comprehensive Plan will be held on Monday, June 11. An additional Plan Commission work session on the Comprehensive Plan, if needed, is scheduled for Wednesday, July 11.

At the June 11 work session, we'll review:

- Proposed changes to the **Comprehensive Plan** that have been provided by boards, committees, commissions, members of the public, and Planning Division staff. Planning Division staff has provided a response to each of these proposed changes and highlighted items (with a "Y" in the second to last column of the spreadsheet) for which Plan Commission discussion is requested. Please note any other items that you would like to discuss at the meeting.
- Proposed changes to the Comprehensive Plan's **Generalized Future Land Use Map** that have been provided.
- Changes to the Comprehensive Plan to correct minor errors, typos, formatting issues, and make grammatical revisions. An **electronic version of this document**, which notes each change, is available on Legistar.

This packet also includes comments and proposed changes to the Plan that have been received more recently. Staff will prepare a response to these comments for a future meeting.
