RE: Legistar ID# 51550 | Accela ID: 'LNDUSE-2018-00046' -- Approval of a conditional use to establish an arts/technical/trade school (an indoor, fitness gym) in an existing, industrial warehouse building in IG (Industrial-General) district zoning at 813 Post Road.

Dear Mr. McClaren:

At its June 18, 2018, the Plan Commission, meeting in regular session, found the standards met and **approved** your conditional use request for 813 Post Road. The conditions of approval in the following sections shall be satisfied prior to issuance of building permits for the project.

Please contact Jeff Quamme, City Engineering Division - Mapping, at (608) 266-4097 if you have questions regarding the following item:

1. Remove references on the site plan to the previous dog daycare use areas.

Please contact Sean Malloy, Traffic Engineering Division, at (608) 266-5987 if you have questions regarding the following two (2) items:

2. The applicant shall submit one contiguous plan showing proposed conditions and one contiguous plan showing existing conditions for approval. The plan drawings shall be scaled to 1" = 20' and include the following, when applicable: existing and proposed property lines; parcel addresses; all easements; pavement markings; signing; building placement; items in the terrace such as signs, street light poles, hydrants; surface types such as asphalt, concrete, grass, sidewalk; driveway approaches, including those adjacent to and across street from the project lot location; parking stall dimensions, including two (2) feet of vehicle overhang; drive aisle dimensions; semitrailer movement and vehicle routes; dimensions of radii; and percent of slope.
3. All parking facility design shall conform to MGO standards, as set in section 10.08(6).

Please contact Jenny Kirchgatter, Zoning Division, at (608) 266-4429 if you have questions regarding the following five (5) items:

4. The applicant shall submit a Traffic Demand Management plan to be approved by the Traffic Engineer and to be kept on file with the Zoning Administrator.
5. Bicycle parking shall comply with the requirements of Sections 28.141(4)(g) and 28.141(11). Verify the anticipated number of students or class participants to determine the bicycle parking requirement. Provide a minimum of one (1) short-term bicycle parking stall per five (5) students located in a convenient and visible area on a paved or impervious surface. Bicycle parking shall be located at least as close as the closest non-accessible automobile parking and within one hundred (100) feet of a principal entrance. Note: A bicycle stall is a minimum of two (2) feet by six (6) feet with a five (5) foot wide access area. Provide a detail of the proposed bike rack.
6. Confirm how refuse will be contained on the site. All developments, except single family and two family developments, shall provide a refuse disposal area. If the refuse disposal area is located outside the building, it shall be screened on four (4) sides (including a gate for access) by a solid, commercial-grade wood fence, wall, or equivalent material with a minimum height of six (6) feet and not greater than eight (8) feet. Submit a detail of the trash enclosure if provided outside the building.
7. Per Section 28.186(4)(b), the property owner or operator is required to bring the property into compliance with all elements of the approved site plans by the date established by the Zoning Administrator as part of the site and building plan approval. Work with Zoning staff to establish a final site compliance date.
8. Signage approvals are not granted by the Plan Commission. Signage must be reviewed for compliance with Chapter 31 Sign Codes of the Madison General Ordinances. Signage permits are issued by the Zoning Section of the Department of Planning and Community and Economic Development.

Specific questions regarding the comments or conditions contained in this letter should be directed to the commenting agency.

Please now follow the procedures listed below for obtaining your conditional use:

1. Please revise your plans per the above conditions and submit **seven (7) copies** of a complete, fully dimensioned and scaled plan set to the Zoning Administrator for final review and comment. Also be sure to include any additional materials requested by these departments for their approval prior to sign off. The final site plan shall be accompanied by the appropriate site plan review application and fee pursuant to Section 28.206 of the Zoning Code, and any other documentation requested herein with the Zoning Administrator, 126 S. Hamilton Street. **This submittal shall all also include one complete digital plan set in PDF format.** The sets of final revised plans or documents will be circulated by the Zoning staff to the City department staff listed above for their final approval.
2. This property is not in a wellhead protection district. All wells located on this property shall be abandoned if no valid well operation permit has been obtained from the Madison Water Utility.

3. This letter shall be signed by the applicant to acknowledge the conditions of approval and returned to the Zoning Administrator when requesting conditional use approval.
4. The approval is valid for one (1) year from the date of the Plan Commission approval. During this time, the applicant must either lawfully commence the use or obtain a building permit and begin erecting the building. If the applicant obtains a valid building permit, construction must commence within six (6) months of the date of issuance. The building permit shall not be renewed unless construction has commenced as is being diligently prosecuted.
5. Any alteration in plans for a proposed alternative use shall require Plan Commission approval, except for minor alterations. The Zoning Administrator may issue permits for minor alterations or additions which are approved by the Director of Planning and Community and Economic Development and are compatible with the concept approved by the City Plan Commission and the conditional use approval standards.
6. The Plan Commission retains continuing jurisdiction over all conditional uses for the purpose of resolving complaints against all previously approved conditional uses.

If you have any questions regarding obtaining your conditional use, demolition or building permits, please contact the Zoning Administrator at (608) 266-4551. If you have any questions or if I may be of any further assistance, please do not hesitate to contact my office at (608) 261-9135.

Sincerely,

Chris Wells
Planner

I hereby acknowledge that I understand and will comply with the above conditions of approval for this conditional use permit.
