Subject: Re: 3900 Dempsey road Conditional Use Comment (LNDUSE-2018-00050 File ID 51765)

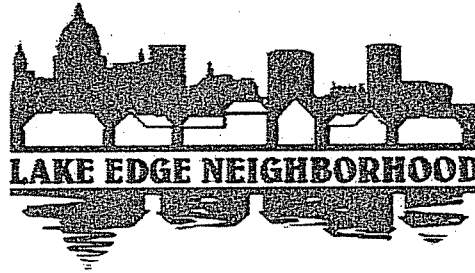

Dear Members of the City of Madison Plan Commission:

Engineering Mapping made a comment requesting the movement of bollards as Comment Number 6 of the staff report.

The bollard locations were previously approved this past spring per site Plan Verification LNDSPR-2018-00005. Therefore, Engineering Mapping requests the requirement of the movement of the bollards be removed from the condition of approval.

Thank you for your consideration.

From: Lake Edge Neighborhood Association
RE: Legistar 51765

The request and application from Mike's Horseshoe Bar and Grill to build an outside patio with daily operating hours of 9:00AM to 1:00AM has been reviewed by members of the LENA Board. As part of the review, we have also reviewed the current conditions of a similar establishment in our neighborhood, Jade Monkey. Based on the information we received from the ALRC, we do not have any concerns to the terms as indicated in the original application submitted by the applicant.

Should you require additional information, please let me know.

Sincerely,

Angela Jenkins

President
Lake Edge Neighborhood Association
