Hi Kelli,

I think we will just block the land for safety/slowing traffic, but people will not be on the street. No tents.

Thanks

Morning Amanda – a follow up question. When you say people won't be in the street, are you proposing to block off a lane on the street more or less for "overflow" or are you still thinking of setting up tents in the street and have people on the closed lane of the street?

Subject: Funk Factory Street Closure Request

Hi Kelli,

I wanted to write and let you know that we will not have a class B license for Alcohol in the street for the great taste pre-party. Therefore I think the bus could easily carry on its route if we were to barricade one side of the road only and people were not on the street.

Let me know if this will work :) Otherwise I am ok with the bus re-routing but it sounds like that may not be necessary.

Thanks

Amanda
