July 12, 2018

It is anticipated that the Plan Commission will review all of the remaining Comprehensive Plan discussion items at the July 16, 2018 meeting. The following Comprehensive Plan materials are included in the packet.

- Potential changes to the **Comprehensive Plan** document. All of the proposed changes to the May 1, 2018 draft of the Comprehensive Plan document are included in one spreadsheet. Proposed changes that the Plan Commission recommends are listed first, followed by proposed changes that the Plan Commission does not recommend. In response to the discussion at the July 2, 2018 Plan Commission meeting, Planning Division staff has noted specific feedback from the Plan Commission and drafted proposed text.

- All of the Plan Commission's recommended changes to the May 1, 2018 draft of the Comprehensive Plan's **Generalized Future Land Use Map** are reflected on one map.

- Staff has prepared a map with additional changes to the Generalized Future Land Use Map to reflect the recent updates to the **Elderberry, Pioneer, and Junction Neighborhood Development Plans** that the Common Council adopted on July 10, 2018. The Plan Commission could include these GFLU Map changes in the Comprehensive Plan recommendation to the Common Council.

- **Comments** on the Plan that have been received since the July 2, 2018 Plan Commission meeting.
