George Reistad presented. (Informal presentation)

The policy has not been updated since 2004 and review will include possible language changes. Reese has volunteered to serve on the Task Force.

This Policy is for management and will provide policy that cover all departments of the City that provide review. Discussion regarding accountability is required. Time frame to provide recommendations is currently expected Dec. 2018, but could require an additional possible 3 months.

Text of Legislative File 51224

Fiscal Note

No appropriation required. Staffing of the task force will be addressed with existing resources.

Title

Creating a Task Force to review, analyze and provide recommendations regarding the City's Integrated Pest Management Policy.

Body

WHEREAS, Integrated Pest Management (IPM) is an ecosystem- based strategy that focuses on long-term prevention or suppression of pest populations using a combination of appropriate tactics that minimize the impact of control activities on human health and the health of other, non-target organisms; and,

WHEREAS, the City of Madison first adopted an IPM policy in 1995 and revised it most recently in 2004 (See Attachment of current policy); and,

WHEREAS, the city's Pest Management Advisory Subcommittee assisted Public Health staff with the evaluation of plans and pesticide use reports from 2004 until 2013 when it was disbanded (See Attachment - letter provided by John Hausbeck); and,

WHEREAS, the policy has been implemented by various City departments that have been required to submit annual plans and use reports to the Department of Public Health for review; and ,

WHEREAS, in 2014 the City of Madison created a Pollinator Protection Task Force with goals of reviewing current department practices that affect pollinator habitat and health ; developing recommendations for departments to improve the habitat for pollinators on City-owned land; and providing guidance for a long-term strategy to departments to promote pollinator health; and,

WHEREAS, the Pollinator Protection Task Force provided a Report to the Common Council containing recommendations to reach those goals that was adopted in 2015; and,

WHEREAS, the first Recommendation in the report is to adopt and implement policies that promote pollinator health and habitat; and,

WHEREAS, the first action suggested to achieve this recommendation is to "adopt a City ordinance banning the use of neonicotinoid pesticides ("neonicotinoids") on all City-owned land and property"; and,

WHEREAS, the Madison Food Policy Council has been overseeing the implementation of the report's recommendations through its Pollinator Protection Work Group since 2016, and has recognized the need to address the issue of the City's use of pesticides more broadly; and,

WHEREAS, the Madison Food Policy Council has also become aware of resident concerns for public health and the environment potentially caused by the use of pesticides, e.g. glyphosate and neonicotinoids on public property,

NOW, THEREFORE BE IT RESOLVED, the Mayor and Common Council shall convene a Task Force that will be comprised of the following department/division heads or their representatives and other members as specified. The Task Force will be staffed by the Food Policy Coordinator and chaired by members of the Madison Food Policy Council and/or Board of Public Health:

- Madison Food Policy Council (2 representatives)

- Public Health Madison & Dane County and/or Board of Health (2 representatives)
- City of Madison Water Utility (1 representative)
- Parks Division (1 representative)
- Engineering Department (1 representative)
- Committee on the Environment (1 representative)
- Sustainable Madison Committee (1 representative)
- Integrated Pest Management and/or Ecology expert(s) (2); and,

BE IT FURTHER RESOLVED, the Task Force shall conduct and complete the following actions/duties:

- Review available research on current IPM best practices
- Solicit input from regional IPM experts
- Review current city department pesticide usage
- Develop recommendations for revisions to the current IPM policy, and recommendations for City pesticide usage
- Solicit input on City policy recommendations from the community
- Develop best practices on pesticide use for city residents; and,

BE IT FINALLY RESOLVED that the Task Force complete its review within 6 months of its initial meeting, and make final recommendations to the Mayor and Common Council on or before December 31, 2018.
