July 25, 2018

It is anticipated that the Plan Commission will review all of the remaining Comprehensive Plan discussion items at the July 30, 2018 meeting. The following Comprehensive Plan materials are included in the packet.

- Potential changes to the **Comprehensive Plan** document. All of the proposed changes to the May 1, 2018 draft of the Comprehensive Plan document are included/referenced in one spreadsheet.

  Proposed changes that the Plan Commission recommends are *generally* listed first, followed by proposed changes that the Plan Commission does not recommend. *Please note that there are several "Change recommended by PC?" "Y" items (ninth column) towards the end of the spreadsheet – the result of staff keeping the "Comment/Request #" number (first column) consistent with the July 16, 2018 version of the spreadsheet*.

  There are seven red-lined documents for cases where text changes would not fit on the spreadsheet.

- GFLU Map materials and information regarding the **Capitol View Neighborhood** as requested by Alder Carter at the July 16, 2018 Plan Commission meeting.
