

**July 2018 Report  
Forestry Section  
Prepared by Marla Eddy**

<b>Forestry Section</b>	<b>Total Trees</b>	<b><i>Total Hours</i></b>
Cycle Pruning	0	0
Pruned by Request	196	327
Small Tree Pruning Cycle	24	11
Tree Removal	248	774
Ash Preemptive Removals	163	712
Storm Work/Hangers		231
EAB Treatment		1149

No cycle pruning took place in the month of July. The west unit was able to complete a little small tree cycle pruning. EAB treatments are going well. We are observing more untreated ash street trees dead or dying which has caused us to move to those areas that need attention.

Forestry specialists continued to monitor engineering reconstruction projects to make sure street trees are preserved during the construction process. In addition, specialists respond to sidewalk repair issues near city trees in Alder District 3. Finally, they are busy scheduling tree replacements for fall 2018 and spring 2019 planting seasons.
