Subject: Opposition to Buckingham Through Street

The Milwaukee Special Area Plan on tonight's Plan Commission including extending Buckingham through a neighborhood park to Milwaukee St. I strongly oppose this part of the plan. While I don't live next to the park, my son does participate in a weekly pick up kick ball game there so I have been to the park many times. Breaking up this neighborhood park would cause it to be entirely redesigned due to placement of playground equipment. There could be potential safety issues with different sides of the park used for different things with a road in the middle of it. I suggest that the Plan Commission ask for that part of the plan to be altered or studied more.

This part of the plan was not discussed with the neighborhood it affects until their meeting last Tuesday. That was also an election day so some people were unable to attend as they work the polls.

Thank you

Heather Daniels
