5. 52991 Authorizing the Mayor and City Clerk to execute a lease with Frameshift Arts Café LLC allowing for the use of the City-owned transportation corridor parcel located at 21 South Fourth Street for parking purposes. (6th A.D.)

I'm wondering because in general, the city has been wise in maintaining additional right-of-way along existing railroad ROWs for public purposes. We've gotten a lot of bike paths & community gardens & natural areas this way. The future might bring Bus Rapid Transit or light rail. I'm not trying to predict what it might be. But I would hate to see a clean transportation future blocked by the dirty transportation past.
