

Annotated Bibliography

Bergquist, L. (2018, August 8) Gypsy moths plummet in eastern Wisconsin, prompting DNR to suspend spray program. Milwaukee Journal Sentinel. Retrieved from <https://www.jsonline.com/story/news/2018/08/08/gypsy-moth-numbers-drop-prompting-dnr-suspend-spray-program/927378002/>

Brought to 8/9/18 Urban Forestry Task Force Meeting, available under file [51042](#). Describes Wisconsin's current and historical response to gypsy moth treatment. 4 pages.

Caparella, T.J. (2003). Republic of Shade: New England and the American Elm. Yale University Press. New Haven, CT: 141 – 146.

Presented at 5/17/18 Urban Forestry Task Force Meeting; available under file [51287](#). Describes the impacts of modernization – wider streets, electricity, different road materials – on street trees. 5 pages.

Casey Trees. (2008). Tree Space Design: Growing the Tree out of the Box. Retrieved from <https://caseytrees.org/resources-list/tree-space-design-growing-tree-box/>.

Presented at 5/17/18 Urban Forestry Task Force Meeting; available under file [51287](#). Focuses on increased soil volumes as one of the best ways to enable larger and healthier trees in cities. 18 pages.

The City of Austin Urban Forestry Tree Board. (2014, March 4). *Austin's Urban Forest Plan: a Master Plan for Public Property*. Retrieved from https://issuu.com/austinurbanforestry/docs/aufp_final_03-05-14.

Presented at 4/5/18 Urban Forestry Task Force Meeting; available under file [51042](#). Provides a summary of Austin's urban forest, including its history; describes the need, goals, and process of the urban forest plan; and outlines implementation strategies, goals and actions, and policy elements for implementation. 164 pages.

The City of Charlotte and TreesCharlotte (2017). *Charlotte Urban Forestry Master Plan*. Retrieved from http://charlottetreeplan.weebly.com/uploads/9/1/5/5/91553738/ufmp_fnl_web.pdf.

Presented at 4/5/18 Urban Forestry Task Force Meeting; available under file [51042](#). Summarizes master plan and provides an overview of study findings, action steps, and opportunities for community engagement. 7 pages.

Conniff, R. (2018, May 7). US Cities Lose Tree Cover Just When They Need It Most. Scientific American. Retrieved from <https://www.scientificamerican.com/article/u-s-cities-lose-tree-cover-just-when-they-need-it-most/>.

Presented at 6/14/18 Urban Forestry Task Force Meeting, available under file [51709](#). Describes decline of urban tree cover due to increased urbanization. 7 pages.

DNR. (2018). City of Madison Community Tree Canopy.

Presented at 6/14/18 Urban Forestry Task Force Meeting, available under file [51709](#). Provides over view of land cover in Madison, based on 2013 National Agriculture Imagery Program flights. 1 page.

Geiger, J.R. (2004). The large tree argument: the case for large trees vs. small trees. Western Arborist 30(1): 30 – 32.

Presented at 1/25/18 Urban Forestry Task Force Meeting, available under file [50217](#). Forest Service document that outlines the benefits of large trees compared to smaller-stature trees.

Governing. (2017). How Cities Can Harness the Public Health Benefits of Urban Trees. Retrieved from <http://www.governing.com/papers/How-Cities-Can-Harness-the-Public-Health-Benefits-of-Urban-Trees-91697.html>.

Presented at 2/8/18 Urban Forestry Task Force Meeting, available under file [50413](#). Nature Conservancy-sponsored document that proposes linking goals and funding of the health sector with those of municipal urban forestry agencies.

GreenBlueUrban. 2016. Green Building Reference Manual: Soil Requirements for Healthy Trees.

Presented at 4/19/18 Urban Forestry Task Force Meeting, available under file [51042](#). Presents soil requirements for trees and various approaches for meeting those requirements. 36 pages.

Marohn, C.L., Jr (ed). (2017). Thoughts on Building Strong Towns: Volume III.

Presented at 4/5/18 Urban Forestry Task Force Meeting, available under file [51042](#). Edited compilation of articles related to the Strong Towns movement, which supports a model of development that allows America's cities, towns, and neighborhoods to become financially strong and resilient. 217 pages.

Mullins, R. and H. Fargo. (2008). Protecting and Developing the Urban Tree Canopy: a 135-City Survey. The United States Conference of Mayors. Washington, D.C.

Presented at 5/17/18 Urban Forestry Task Force Meeting; available under file [51287](#). Overview of survey results regarding the state of community trees in America. 39 pages.

Noordyk, J. (2017, September). Tacking Barriers to Green Infrastructure One Ordinance at a Time. The Municipality: 9 – 11.

Presented at 2/8/18 Urban Forestry Task Force Meeting, available under file [50405](#). Discusses difficulties and solutions towards implementing green infrastructure. 3 pages.

Shaw, B., Thostenson, K. and E. Clark. (2018) using Social Media to Connect Homeowners with Arborists: Results from a Paid Facebook Ad Test Campaign.

Presented at 9/20/18 Urban Forestry Task Force Meeting, available under file [53156](#). Summarizes findings from Facebook test campaign targeted towards homeowners in Milwaukee, Wausau, Madison, and Green Bay. 10 pages.

Thostenson, K., Gorby Knoot, T. and E. Silver Huff. (2016, June) Focus Group Summary – Madison, Wis. Residential Property Owner Trees and Urban Green Space Survey.

Presented at 6/28/18 Urban Forestry Task Force Meeting, available under file [51709](#). Qualitative summary of the residential property owners' discussion in response to a set of open-ended questions as well as closed-ended survey questions. 8 pages.

Thostenson, K., Witzling, L., Shaw, B., and T. Gorby Knoot. (2017). Forestry Insights: Engaging private residential tree owners in Madison.

Presented at 6/14/18 and 9/20/18 Urban Forestry Task Force Meeting, available under file [51042](#) and 53156. Summarizes findings from Wisconsin Urban Landowner Survey in regards to homeowners in Madison. 10 pages.

Thostenson, K., Witzling, L., Shaw, B., and T. Gorby Knoot. (2017). Forestry Insights: Communicating More Effectively about Urban Forestry.

Presented at 6/14/18 Urban Forestry Task Force Meeting, available under file [51042](#). Summarizes findings from Wisconsin Urban Landowner Survey in regards to the values, attitudes, and behaviors of Wisconsin's private residential urban landowners. 22 pages.

Tree Pittsburgh. (2012) Pittsburgh Urban Forest Master Plan. Retrieved from <https://www.treepittsburgh.org/resource/pittsburgh-urban-forest-master-plan/>.

Presented at 4/5/18 Urban Forestry Task Force Meeting, available under file [51042](#), split into 4 documents. Identifies five keystones – Connect, Engage, Manage, Plan, and Protect – to provide framework for the plan and 15 goals. 78 pages.

University of Virginia Institute for Environmental Negotiation. (2015, September 30). Ten-Year Urban Forestry Action Plan: 2016 – 2026. Retrieved from <https://urbanforestplan.org/engage/>.

Presented at 6/28/18 Urban Forestry Task Force Meeting, available under file [51709](#). Provides specific goals, actions, and recommendations for improving the status of urban and community forestry for the United States and its territories. 80 pages.

Urban Forestry Council. (2014). San Francisco Urban Forest Plan. Retrieved from <http://sf-planning.org/urban-forest-plan>.

Presented 4/5/18 Urban Forestry Task Force Meeting, split into 4 documents; available under file [51042](#). Outlines San Francisco’s vision and strategy to ensure an expanded, healthy and thriving urban forest now and for the future. 92 pages.
