RE: Approval of a Conditional Use to allow construction of an addition to a single-family residence totaling in excess of five hundred (500) square feet on a lakefront property at 1114 Sherman Avenue (ID 52904; LNDUSE-2018-00095).

Dear Mr. Wanek;

At its October 1, 2018 meeting, the Plan Commission found the standards met and **approved** your conditional use request to construct an addition to a single-family residence totaling in excess of five hundred (500) square feet on a lakefront property at 1114 Sherman Avenue. The conditions of approval in the following sections shall be satisfied prior to issuance of demolition or building permits for the project.

Please contact my office at (608) 243-0455 if you have any questions regarding the following one (1) item:

1. Label building materials and colors on elevation drawings.

Please contact Jacob Moskowitz, Assistant Zoning Administrator at (608) 266-4560 if you have any questions regarding the following five (5) items:

2. Provide a complete inventory of shoreline vegetation in any area proposed for building, filling, grading or excavating. In addition, the development plan shall indicate those trees and shrubbery which will be removed as a result of the proposed development. The cutting of trees and shrubbery shall be limited in the strip thirty-five (35) feet inland from the normal waterline. On any zoning lot not more than thirty percent (30%) of the frontage shall be cleared of trees and shrubbery.
3. Filling, grading and excavation of the zoning lot may be permitted only where protection against erosion, sedimentation and impairment of fish and aquatic life has been assured. Obtain necessary erosion control permits.

4. Any earth disturbing activity along the lakeshore such as the installation of the proposed rip rap may require a permit from the Department of Natural Resources. Contact the Department of Natural Resources for more information.
5. Per Section 28.186(4)(b), the property owner or operator is required to bring the property into compliance with all elements of the approved site plans by the date established by the Zoning Administrator as part of the site and building plan approval. Work with Zoning staff to establish a final site compliance date.
6. On final plans show only the proposed driveway. Per Sec. 28.141(9)(b)1. a driveway must lead directly from the street to a legal parking area outside the front yard, and cannot exceed twenty-two (22) feet at the property line

Please contact Brenda Stanley of the Engineering Division at (608) 261-9127 if you have any questions regarding the following two (2) items:

7. Applicant shall show the 100 year regulatory floodplain on the plan set and shall show that any entrances to the new construction are flood protected to an elevation 2' above that elevation.
8. The plan set shall be revised to show more information on proposed drainage for the site. This shall be accomplished by using spot elevations and drainage arrows or through the use of proposed contours. It is necessary to show the location of drainage leaving the site to the public right-of-way. It may be necessary to provide information off the site to fully meet this requirement.

Please contact Bill Sullivan of the Fire Department at (608) 261-9658 if you have any questions regarding the following one (1) item:

9. Madison Fire Department recommends the installation of a residential fire sprinkler system in accordance with NFPA 13D. Even if the system only protects the area of the home being remodeled/addition. Additional information is available at the Home Fire Sprinkler Coalition website: <https://homefiresprinkler.org/building-residential-fire-sprinklers>.

Please contact Kate Kane of the Parks Division at (608) 261-9671 if you have any questions regarding the following two (2) items:

10. An existing inventory of trees (location, species, & DBH) and any tree removal plans (in PDF format) shall be submitted to the plans and Brad Hofmann – bhofmann@cityofmadison.com or 266-4816. All proposed street tree removals within the right of way shall be reviewed by City Forestry. Approval and permitting of street tree removals shall be obtained from the City Forester and/or the Board of Public Works prior to the approval of the site plan.
11. Existing street trees shall be protected. Please include the following note on the site plan: Contractor shall install tree protection fencing in the area between the curb and sidewalk and extend it at least 5 feet from both sides of the tree along the length of the terrace. No excavation is permitted within 5 feet of the outside edge of a tree trunk. If excavation within 5 feet of any tree is necessary, contractor shall contact City Forestry (266- 4816) prior to excavation to assess the impact to the tree and root system. Tree pruning shall be coordinated with City Forestry prior to the start of construction. Tree protection

specifications can be found in section 107.13 of City of Madison Standard Specifications for Public Works Construction - <http://www.cityofmadison.com/business/pw/documents/StdSpecs/2018/Part1.pdf>. Any tree removals that are required for construction after the development plan is approved will require at least a 72 hour wait period before a tree removal permit can be issued by Forestry, to notify the Alder of the change in the tree plan.

Please contact Sean Malloy of the Traffic Engineering Division at (608) 261-9658 if you have any questions regarding the following one (1) item:

12. The applicant shall submit one contiguous plan showing proposed conditions and one contiguous plan showing existing conditions for approval. The plan drawings shall be scaled to 1" = 20' and include the following, when applicable: existing and proposed property lines; parcel addresses; all easements; vision triangles; pavement markings; signing; building placement; items in the terrace such as signs, street light poles, hydrants; surface types such as asphalt, concrete, grass, sidewalk; driveway approaches, including those adjacent to and across street from the project lot location; parking stall dimensions, including two (2) feet of vehicle overhang; drive aisle dimensions; semitrailer movement and vehicle routes; dimensions of radii; and percent of slope.

Specific questions regarding the comments or conditions contained in this letter should be directed to the commenting agency.

Please now follow the procedures listed below for obtaining permits for your project:

1. After the plans have been revised per the above conditions, please file **seven (7) sets** of complete, fully dimensioned, and to-scale plans, the appropriate site plan review application and fee pursuant to Section 28.206 of the Zoning Code, and any other documentation requested herein with the Zoning Administrator, 215 Martin Luther King Jr. Blvd, Suite 017. **This submittal shall all also include one (1) complete digital plan set in PDF format.** The sets of final revised plans or documents will be circulated by Zoning staff to the City department staff listed above for their final approval.
2. This letter shall be signed by the applicant to acknowledge the conditions of approval and returned to the Zoning Administrator when requesting conditional use approval.
3. A conditional use approval is valid for one (1) year from the date of the Plan Commission approval. During this time, the applicant must either lawfully commence the use or obtain a building permit and begin erecting the building. If the applicant obtains a valid building permit, construction must commence within six (6) months of the date of issuance. The building permit shall not be renewed unless construction has commenced as is being diligently prosecuted.
4. Any alteration in plans for a proposed alternative use shall require Plan Commission approval, except for minor alterations. The Zoning Administrator may issue permits for minor alterations or additions which are approved by the Director of Planning and Community and Economic Development and are compatible with the concept approved by the City Plan Commission and the conditional use approval standards.
5. The Plan Commission retains continuing jurisdiction over all conditional uses for the purpose of resolving complaints against all previously approved conditional uses.

If you have any questions regarding obtaining your conditional use or building permits, please contact the Zoning Administrator at 266-4551. If you have any questions or if may be of any further assistance, please do not hesitate to contact my office at 243-0455.

Sincerely,

Colin Punt
Planner

cc: Brenda Stanley, City Engineering Division
Jacob Moskowitz, Assistant Zoning Administrator
Sean Malloy, Traffic Engineering Division
Bill Sullivan, Fire Department
Kate Kane, Parks Division

I hereby acknowledge that I understand and will comply with the above conditions of approval for demotion.
